VASHON, KING COUNTY, WASHINGTON, THURSDAY, MARCH 18, 1920.

NUMBER 22

## DOCKTON

Mr. P. Martin is home from the north, where he has been halibut fishing.

Mrs. Oscar Olsen spent Saturday and Sunday with her husband in Tacoma.

Mr. Pennington of Puyallup was guest of Miss Lucy Meyers for the week end.

Mr. and Mrs. William Davis have bought the Driscoll place and will take possession immediately.

Mr. and Mrs. J. Swanson and little son Jack spent Sunday in Tacoma visiting with friends.

The dance given at the Dockton Hotel by the Harbor Navigation Company on Tuesday evening was well attended, and all reported having had a very good time.

Miss Signie Bjorkquist and Loren Mattison, members of the Junior League, entertained the congregation on Sunday evening by memorizing the books of the Old and New Testament.

Mr. and Mrs. Claude Petersen entertained at dinner on Sunday, Miss Bessie Dean, Miss Lucy Meyers, Mr. Pennington, Mr. P. T. Wiltsie, and Rev. Harry Earle.

Mr. Dagrud of Chehalis is visiting over the week end with his sister, Mrs. Knute Andersen, and his little daughter Margaret, who is spending the winter with her aunt, Mrs. Carl Lundquist.

Mr. and Mrs. Morgan and children left on Sunday for their new home near Ellensburg. They traded their 10-acre ranch here for a 5-acre irrigated one at that place to Mr. and Mrs. Fisher, who expect to make the Morgan ranch their home in the future.

## COVE

We understand that Mr. Axel Petersen has been buying some waterfront property. There sure is something brewing now.

Mr. A. F. Sundberg has been confined to his home for a week or more on account of illness. Is at work again, however.

H. O. Thomason shipped 100 boxes of his nice Spitz apples last week. He has been quite fortunate in keeping them in such fine condition.

The Hanson brothers recently sold their cottage on the waterfront. Have lumber on their lot in Beulah Park. Got to hustle work on their new bungalow now.

Mr. and Mrs. E. N. Earles have been spending a few days in Tacoma. They returned on Sunday by way of Burton—Mr. Albert Abrams met them with his auto.

Mr. Frank Sigrist has been doing some mighty nice plowing on the Staten ranch. The way he has plowed in and out and around the many stumps on the place is quite an artistic job.

Mr. Alfred Edwards and little daughter were in Seattle on Wednesday. Had a rainy day for the trip. Mr. E. said he could dodge the raindrops easier among the big buildings than on the ranch.

If anyone around Cove is busy these days—just watch W. V. Crozier's step. Has taken off another big bunch of baby chicks, some 2700 this time. Has nearly 5000 of them now on his hands. Don't you envy him his job?

The Sigrist Hatchery isn't much of a place, where everybody

works but father. The whole family is on the job. Mr. Huffman is helping also. We understand they are running some 16 or more incubators. Delivered some 400 beauties last week to C. A. Renouf.

Messrs. Ephes and Reuel Ramquist are attending the Agricultural College at Pullman, instead of the school at Puyallup, as was mentioned in our former jottings. Sorry for the blunder. They are taking the Bacteria Course. Hope they will find the germ of the "flu" so we can swat it, and all about the other insect pests which make a rancher's life burdensome fighting them.

There was a very enjoyable gathering at the home of Mr. and Mrs. Thomason last Sunday, the occasion being a triple birthday celebration—that of Mrs. Thomason, her cousin, Mrs. Udall, and Mr. Louis Drips. A sumptuous dinner was served. Among the guests were Mr. and Mrs. W. H. Udall, a retired merchant of Tacoma, now living at Olympia (Mrs. Udall is secretary of the Industrial Welfare Commission); Captain Arthur Drips and Mrs. Drips (Capt. Drips saw service in France); Mr. and Mrs. Louis Drips, the former a brother, both of Tacoma; and Mr. and Mrs. E. Burdett Thomason and daughter of Seattle. Vale.

## PORTAGE

Mrs. T. B. Allison was a Seattle visitor on Tuesday.

Mr. D. G. Lothrop of Seattle spent the week end at his summer cottage.

Miss Ethie Marsh visited a few days in Seattle the fore part of the week.

Mr. Blakeny of Tacoma has been spending a few days here looking after his property.

The A. J. Marsh family spent Sunday with W. C. Whitfield and family at Burton.

Mrs. C. Potter of Burton spent Tuesday afternoon as the guest of Mrs. W. H. Smith.

Mr. J. R. P. Malone and family have moved out from Seattle for the summer. They are making some improvements on their property here.

The excess profits tax and the luxury tax comes out of the consumer and the consumer is the multitude, says an exchange. Take confectionery, ices and soft drinks for example. For each adult there are ten children who buy these alleged luxuries. More than one-seventh of all the sugar consumed is sold in confectionery stores and ice cream parlors and pays the luxury tax. We penalize the growing appetite for sweets that is taking the place of alcohol with the rising generation. The excess profits tax and the luxury tax are relatives of the war and should be discarded in favor of a more equitable tax system.

## CENTER

Mrs. S. Hearst has been on the sick list for the past few days.

Mrs. Geo. Dowd went to Seattle last week to meet her mother who came from Canada to make her a visit.

Mr. Digby Williams spent the week in Winslow with his uncle and aunt and attended the junior prom.

Dr. Cheney of Tacoma spent a few days with Ray Miner last week while looking after some of his Island property.

Mr. Otto Therkelsen and family from Hazel are spending a few days with their parents Mr. and Mrs. J. Therkelsen, and visiting old friends.

Max Allison accompanied Miss

## DEDICATE LINCOLN MEMORIAL THIS YEAR

The great Lincoln Memorial at Washington, D. C., is to be dedicated this year. Sept. 22 is the date now virtually agreed upon. This was the decision of the Lincoln Memorial Commission, which held a meeting at the capital this week. The commission is made up of prominent Americans. They are, left to right, former Speaker Champ Clark, former President William Howard Taft, former Speaker Joseph G. Cannon, from Lincoln's state, Illinois, and former Governor Samuel W. McCall of Massachusetts. The picture of the memorial building shows the great structure in its present stage of construction.

Swanson to Seattle last Friday, where they spent the week end with Miss Swanson's parents.

The Camulos Club will meet this Friday with Mrs. Clayton Williams, who resides in the Mrs. C. Petersen place. Roll call to be answered by current events. A question box will also be a part of the program.

## BURTON

Miss Laurel Stone was over from Tacoma visiting Grandma Gammell last week.

Grandma Gammell spent several days this week with friends in Tacoma and Gig Harbor.

Mrs. D. H. Green is enjoying a visit from her mother, Mrs. Nance, who recently returned from Michigan.

Mrs. N. A. Jones will entertain the Vashon Island Woman's Club at the home of Mrs. Leathers on next Tuesday afternoon.

Mr. and Mrs. C. W. Colby arrived on Friday from Long Beach, California, and will remain for some time with Mrs. Colby's brother, Mr. A. Small.

Regular jitney service was established between Burton and Vashon Heights last week with the North End ferry back on the run again.

Mrs. W. S. Bentley is spending

a week with her husband at Lindberg, and hopes soon to arrange affairs at the ranch so she can be with him where his work is.

Look for the ad. in next week's issue of the News-Record giving date of Easter sale at Burton, for which the ladies have been planning and working for some time.

Mr. and Mrs. B. S. Gleason wish to express their gratitude to all who by their sympathy and practical help sustained them during and after the fright and loss at the recent fire in Burton.

J. L. Bixby was over from McCleary on Saturday and Sunday to visit his father, S. N. Bixby, who is in very poor health at the home of his daughter, Mrs. W. C. Whitfield.

Mrs. A. J. Van House was hostess for the Ladies' Aid at the church parlors on Thursday. The ladies are very busy getting ready for a sale of useful articles at Easter time.

Mrs. C. R. Forbes returned on Tuesday from a seven-weeks' visit in New York, Washington, D. C., and in Indiana. She was accompanied by her mother, Mrs. Hester McGroarty of Walkerton, Ind., who will visit in Burton for some time and from here will go to Los Angeles and San Diego, Cal. During her stay in the East Mrs. Forbes was honored by being commissioned an official reporter for the National Republican Convention to be held in June.

Some of the members of the Va-

shon Woman's Club arranged a surprise on Mrs. Masterson at Portage last Thursday, on the anniversary of her birthday. The gift brought was much appreciated by Mrs. Masterson.

Mr. and Mrs. B. S. Gleason and son Kenneth were in Auburn over Sunday with Mr. Gleason's brother. They are now at Burton Hotel. Mr. Gleason has not fully decided as to his future course in Burton.

Miss Bernice Roach has accepted a position as type writer and office clerk at Port Angeles. Miss Roach is a graduate of Burton high and is making her first debut in the business world. Much success is due this winsome young lady.

Mrs. M. L. Morrison has rented her cozy little cottage to Mr. and Mrs. Grant Rendles of Tacoma. All the available places are being taken. When summer arrives what will we do with our beach campers? Who wants to get rich quick by erecting a string of summer cottages to rent, with lumber at 25 cents per foot, including the knot holes?

Mr. and Mrs. W. W. Akehurst were week end guests of their granddaughter, Mrs. Henshelt, in Olympia. While there they celebrated Mr. Akehurst's 79th anniversary, where four generations were gathered to have the photographer do his best to make some good souvenirs for the present and future generations.

Just when we will get back to the U. S. is a little indefinite; but we will most assuredly come to see you as soon as we do.

Hoping you both keep very well in the meantime, we remain Most sincerely yours,

James and Robert Linton.

An innovation in the field of modern art in the Pacific Northwest has been inaugurated by the Frederick & Nelson Store in Seattle. This is the establishment of an Annual Photographic Exhibit of the work of amateur camera artists.

The initial Exhibit will be held in the Auditorium of the Store November 1 to 13, 1920. Its objective is the encouragement and promotion of better photography among the picture-taking tyros and lovers of this art.

The mechanical perfection achieved in the production of the camera, resulting in wonderful progress in this newer art, and the amazing popularity which this avocation enjoys among Nature and Beauty lovers has made feasible such an exhibition. It is to inculcate the desire for finer photographs, photograph of beauty, definition and purpose, that this display will be staged.

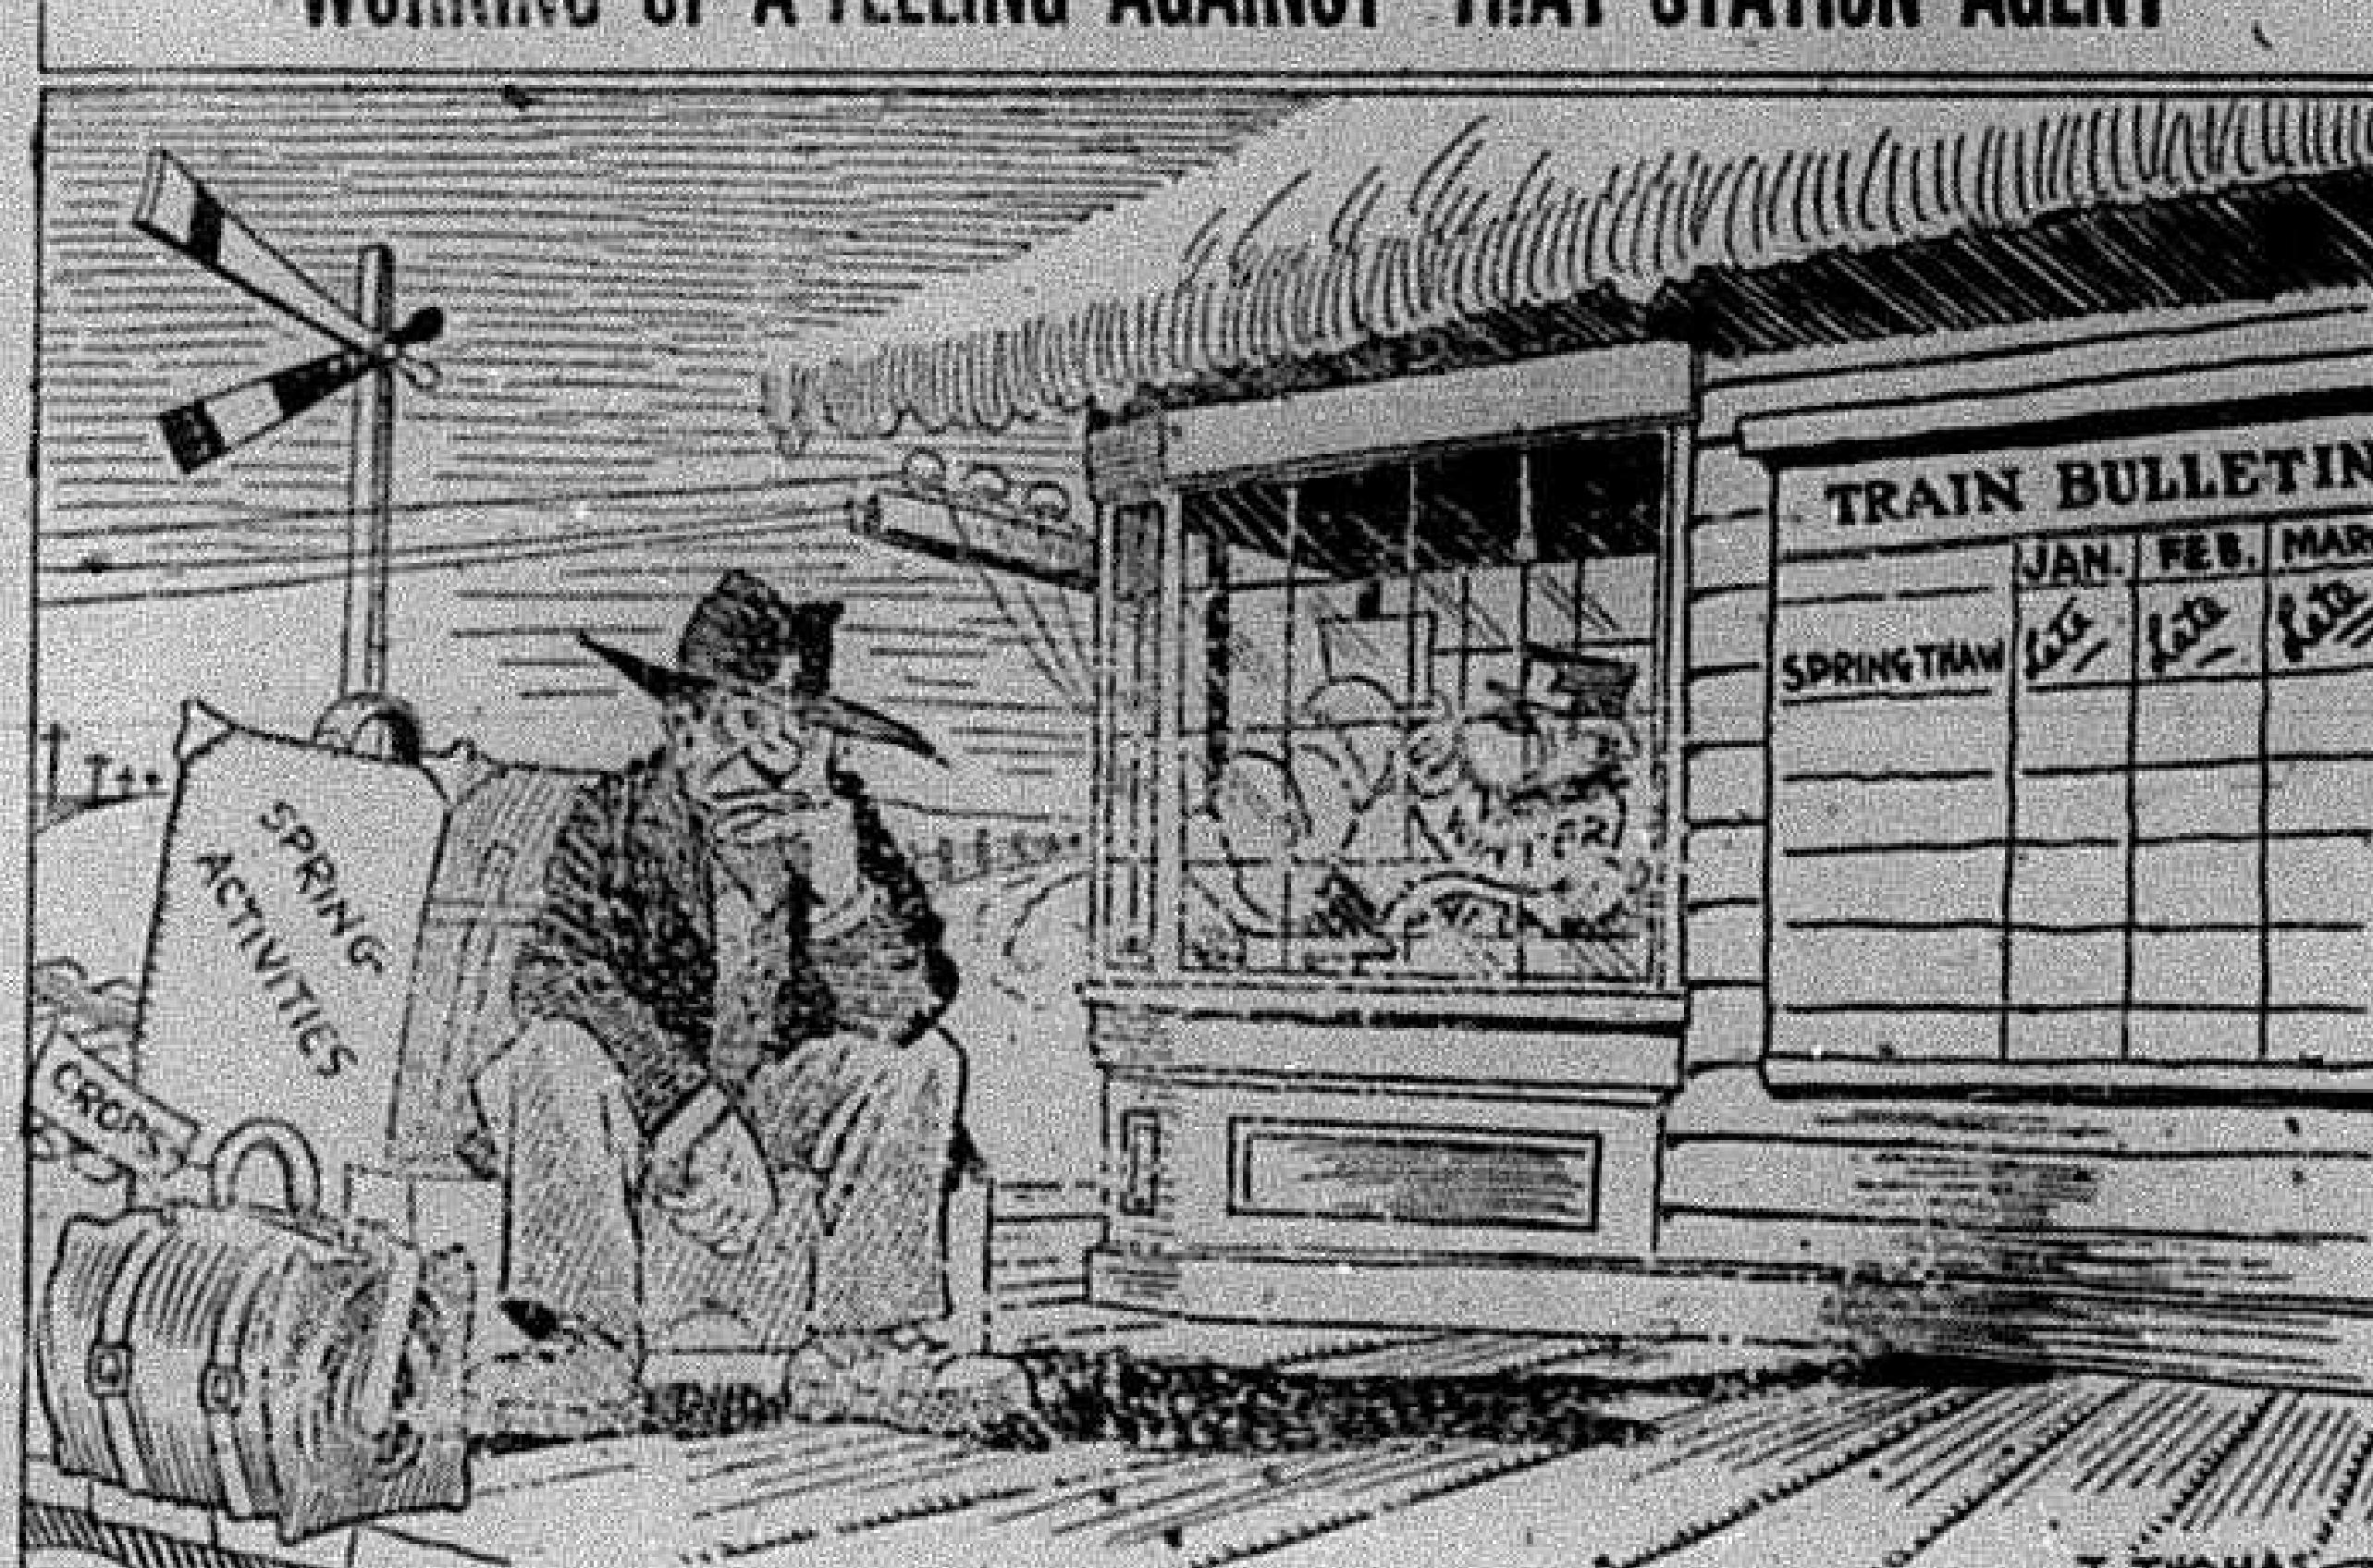

The institution back of this movement is inspired with a sincere desire to contribute something worth while to modern art; to direct into more praiseworthy channels the vast amount of amateur photographic energy now being expended. It is to be commended for this deserving work and to be complimented on the superlative possibilities offered by the abundance of natural scenic beauty ever-present, for camera subjects in the Pacific Northwest.

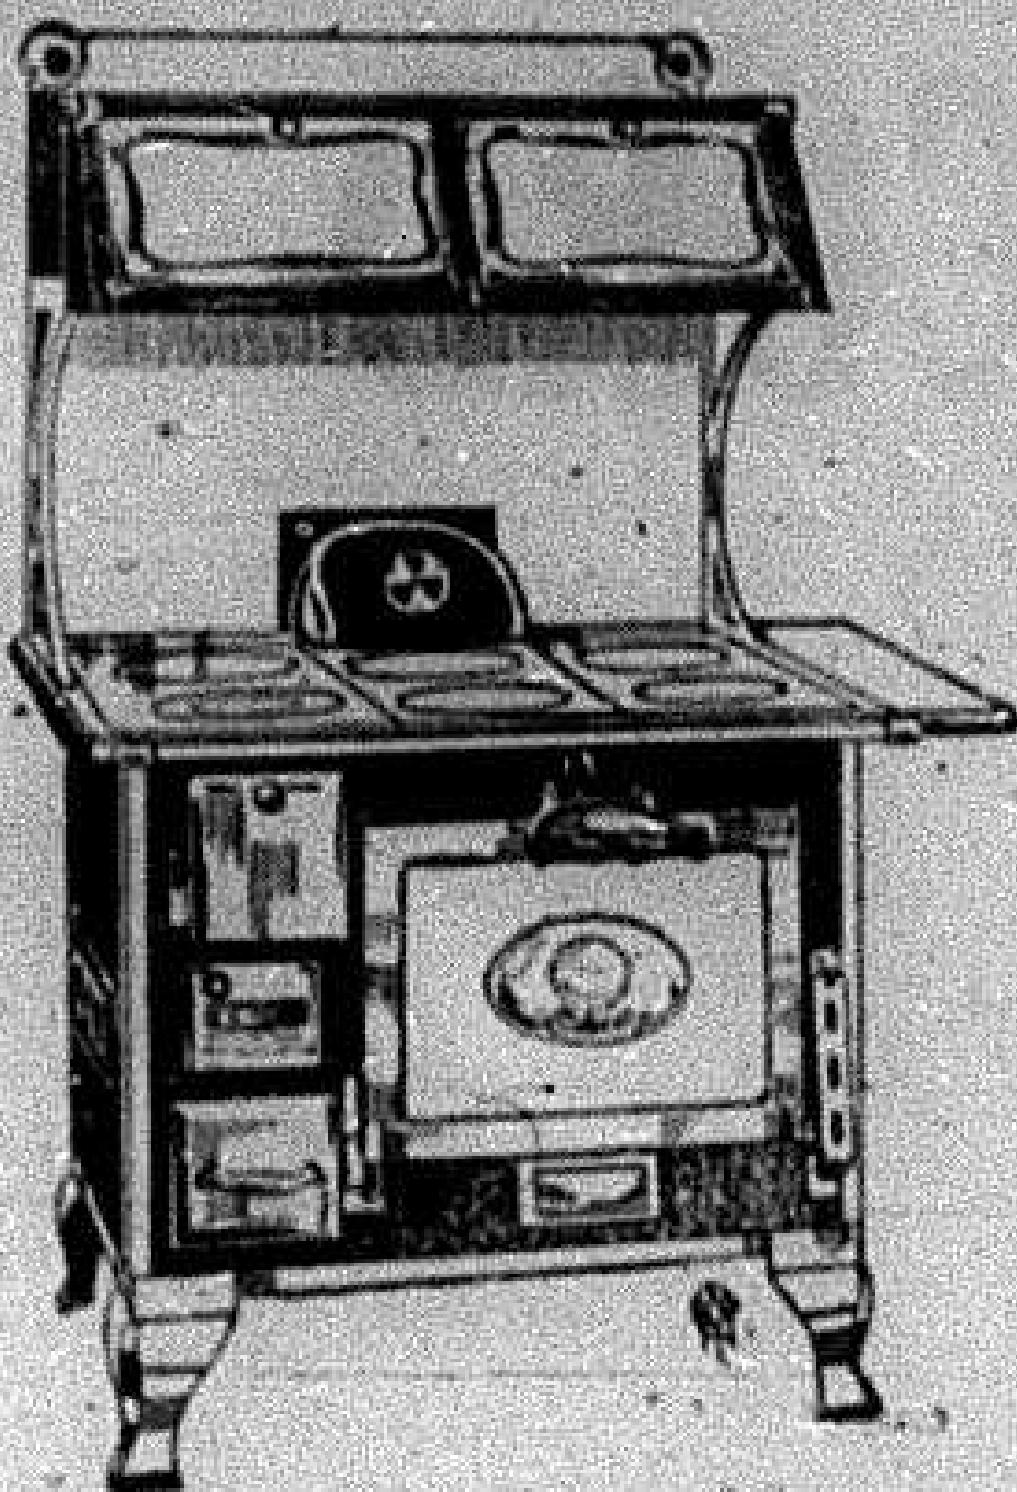

## POSTPONED

The mass meeting called for last Friday evening, Mar. 12, to discuss plans for a memorial shaft in Vashon cemetery, also other matters in connection with the cemetery grounds, has been postponed to Friday evening, April 2nd. We are all interested in this, and the weather permitting there should be a crowd sufficient to fill the Y. M. C. A. hall.

## THE OHIO For Quick Action and Reliability

Quick action in a range means everything to the housekeeper—a saving of fuel; a saving of her time; a saving of labor.

The Ohio's popularity rests solidly upon these performances:

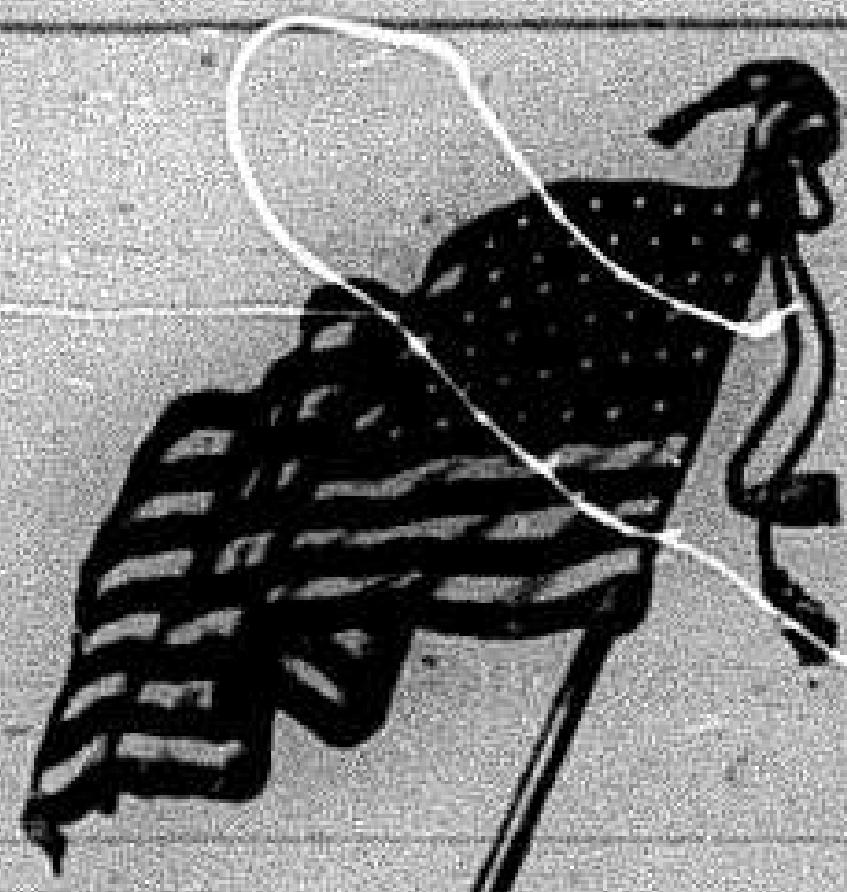

EIGHT MINUTES after the fire is kindled, the oven is ready for baking.

FIFTEEN MINUTES after starting the fire there is plenty of hot water for all household uses.

No wonder Ohio-owners are enthusiastic about this Range!

Vashon-Maury Islands: The choicest  
territory between Seattle and Tacoma.

The presidential contest is not going to be on party lines, but will revolve about the difference in eastern and western ideals, says The Manufacturer. \* The man of the west stands for action and not for theories, nor for mere representation of wealth in national affairs. \* And there is one candidate who fills the imagination of the American people from the standpoint of pure western Americanism. That candidate is General Leonard Wood, trained and drilled in active administrative functions, a man fearless and quick to act. \* Everywhere he has shown little respect for red tape, but great respect for securing results, whether it was laying sewers

E. M. Sherman, president of the Vashon-Maury Commercial Club, is in receipt of a letter from State Land Commissioner C. V. Savage relative to reaching a decision in the matter of locating a permanent park site for the Islands. Owing to pressure of work and his recent illness, Mr. Savage has not been able to give the park question attention, but he assured Mr. Sherman that he would direct an investigation shortly.

We are a peculiar people and there is no way of accounting for our whims. It has not been very long since back yards were transformed into miniature farms, hoes and rakes became familiar tools and the seedsmen did a land office business. The fish fair gave way to the man who boasted of raising the biggest tomato, and every family bragged of reduced grocery bills when vegetable time should roll around. And now comes a division of sentiment over the daylight saving plan, and with it the garden fever bids fair to fritter out. In one community they favor moving the clock up an hour, as we did last year and the year before, while another community a few miles away decides to stick to the old time. The home garden enthusiast and the amateur farmer have been made the butt of jokes by some people who prefer to extract their vegetables from a tin can, and who argue that there is no need to change the clocks, as humanity wants more time in which to loaf. We do not believe it. We believe the sensible man will, no matter how the clock is set continue his battle against living costs, in city or country, by planting his garden, hoeing his own rows, and paying no attention to the slacker who can't see far enough into the future to know what is best for him and his family.

The steadily increasing price of real estate has induced a number of people to sell their homes at what they considered a profit. Of course it was a temptation when a man was offered twice the amount he paid for a home to "let go." But when he sold and tried to buy another home for the money he realized from the sale of the old one he couldn't find anything as desirable as the place he had disposed of. That has been the experience of many persons within the past few months. If one has to have a house to live in, the lure of the supposed profit should not be allowed to influence him in disposing of his residence. Of course you can get more for your home now than ever before, but before you sell it would be a good idea to keep in mind that you will also have to pay more for the one you would expect to move into.

Theodore Roosevelt, Jr., has endorsed the candidacy of General Wood for the Republican presidential nomination. "It gives me great pleasure to indorse the candidacy of Leonard Wood," writes Roosevelt. "He is a man of fearless disposition and strikes out boldly for what he considers right. He is a man of proven experience as an administrator. \* He has thought out on liberal and constructive lines the great economic problems we will meet in this country in the coming decade. Under him I feel confident that the country will work forward to a very increasing influence and stability."

Matters pertaining to the cemetery should have first attention at this time. No one will question the necessity of beautifying the grounds or of purchasing an additional tract and making plans for a water supply. Let it not be said that Vashon cemetery as it appears today is indicative of the class of people who own property here.

Viewed from the writer's standpoint a hospital for the Islands is needed. But we question the wisdom of trying to build such an institution by the method suggested in these columns last week. A suitable building is of first importance, and it must be modern in every respect. And the same may be stated as to equipment. It would not be even self-sustaining if it did not measure somewhat near the efficiency of the city hospital. It seems to us that it is an undertaking that could be handled to best advantage by an organized company or an individual possessed of sufficient means to foster such an enterprise.

of fact way that will save space and paper.

We will add to Brother Brown's suggestions that TIME would also be saved, and time is always of paramount importance in every well-conducted printing establishment.

### THINGS WORTH WHILE

Not long since a well-known woman, in charge of a home, was heard to remark that she never seemed able to do anything "worth while." Many times we have talked with men who felt their lives were empty because they had not done something of which the world took notice. But right here we want to say to the woman who manages and directs a house, makes a home for some man, has children and trains and educates them to be good and useful citizens, does more for the world than the woman who makes a name for herself in literature, art, science, or the professions now open to them. And there is nothing that requires more ability, greater sacrifice or harder work than to be a real home maker, a true helpmeet to a man, or a good mother. As long as we do any honorable task, no matter how humble it may seem to us, our lives are worth while and we are doing something for mankind—for it takes real work and a sincere worker to do well the common things of life. If you are doing the usual and ordinary things, and you are contented to be doing them to the best of your ability, it does not follow that you are a failure because the world doesn't shout your name from the rooftops. The world knows, or at least that part of the world which means most to you, knows you are a success.

A petition to consolidate that portion of Center school district lying north of the road running east and west, known as the cemetery road, with the Vashon school district, was circulated the first part of this week and generally approved. The paper has been forwarded to County Superintendent Burrows.

A \$75,000 deaconess hospital will be built at Wenatchee.

### A PRIZE OF FIFTY DOLLARS

The rules governing the contest for the fifty-dollar prize (mentioned in this paper last week), also the committee to pass upon the appropriateness of names submitted, were endorsed by the Commercial Club at the meeting held last Friday evening. Following are the judges: Mrs. George Sheffield, Mrs. Geo. Pankratz, Mr. M. F. Shaw.

#### Rules Governing Contest

Contest limited to children under 16 years, residents of Vashon-Maury Islands.

Each contestant will be entitled to two nominations only.

Nominees suggested must not be similar to any post office in the state of Washington.

In the event of more than one contestant having suggested the name selected, the one that reached the committee first shall be entitled to preference.

Contestants must not sign their names to the nominations or the letter accompanying same. Name and address should be written on a card and enclosed and sealed in a small envelope and then placed in the envelope containing the nomination and letter. Do not use stationery that will indicate the name of the sender.

In suggesting a name, state why you think it is appropriate.

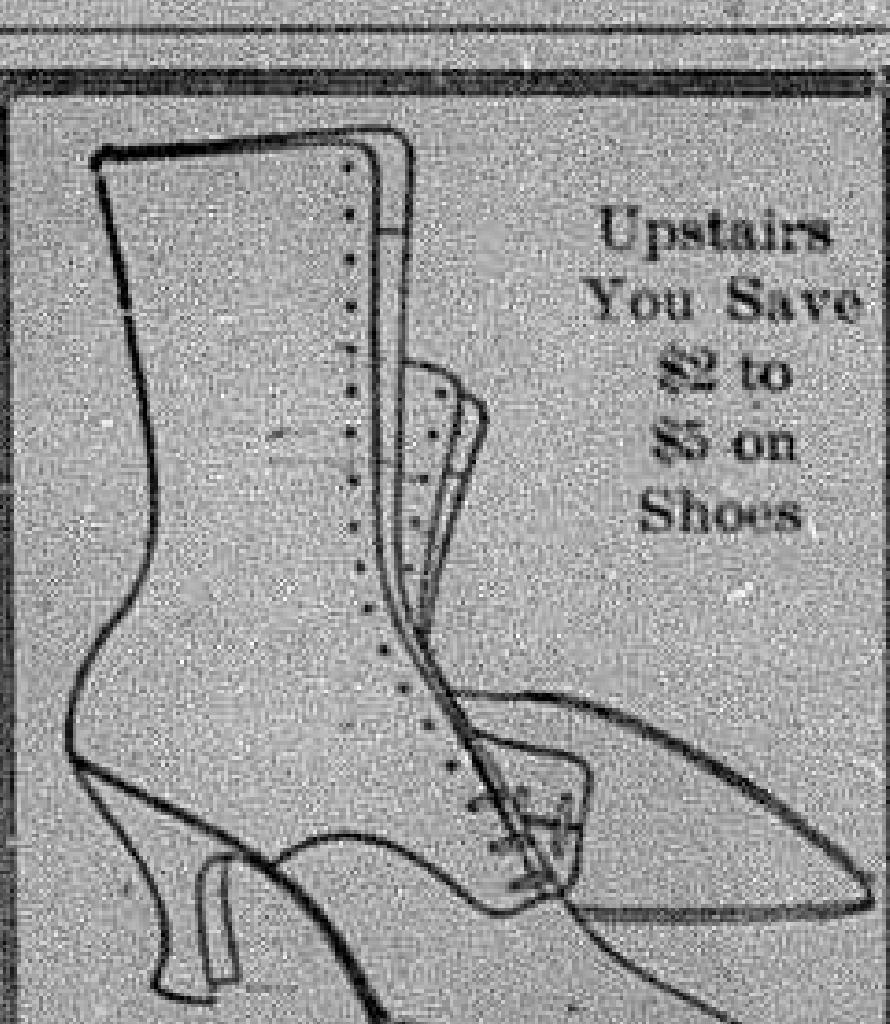

The date of closing the contest will be announced later.

Nominations should be mailed to "Contest Committee, Burton, Wash."

Remember, the name selected will be given to designate the South End ferry landing, taking the place of "Clam Cove."

### 7 I. W. W. GUILTY OF 2D DEGREE MURDER

One Is Held Insane and Two  
Are Acquitted in Armistice-  
Day Case.

Montesano, Wash.—Seven of the defendants are guilty of murder in the second degree, two are guiltless and one is insane and was not responsible for his act, was the final verdict of the jury in the Centralia armistice-day murder case.

The final verdict came two hours after the jury had rendered a first verdict, which was refused by Judge Wilson because it did not conform to the court's instructions in that it found the defendants Eugene Barnett and John Lamb guilty of murder in the third degree, or of manslaughter.

Those guilty are Eugene Barnett, J. H. Lamb, Bert Bland, O. C. (Commodore) Bland, J. C. McInerney, Britt Smith, Ray Becker and Loren Roberts. The latter, however, was found to be insane. Attorney Elmer Smith of Centralia and Miles Sheehan were acquitted. The penalty for second degree murder is from 15 years to life imprisonment.

All the defendants, convicted and otherwise, were immediately rearrested and charged with first degree murder in connection with killing Arthur McElfresh, one of the three victims of the gunmen at Centralia.

Prosecution on the charge of killing McElfresh is to be rushed through immediately. Prosecutor Herman Allen said, and the defendants will be arraigned on the new charge at Chehalis.

### OREGON TREASURER'S BOOKS INVESTIGATED

Salem, Or.—George M. Brown, attorney general, has set in motion the official machinery which is designed to lay bare all transactions in the department of O. P. Hoff, state treasurer, that in any way may have a bearing on purchases of securities, which are alleged to have resulted in exorbitant profits to Morris Bros., Inc., a Portland bonding concern.

Preliminary to actual investigation by the Marion county grand jury, a most searching examination of the state treasurer's books will be made.

The auditors employed by the state to examine the books of the state treasurer are said to be making rapid progress and it is the prediction of the officials that they will have considerable data in shape for the attorney-general during the present week.

It is said that both Mr. Hoff and Joseph G. Richardson, chief deputy in the treasury department, are giving the state auditors every assistance in their investigation of the books and records of the office.

### CHEAP MEAT WEEK IS SET

Oregon Housewives Urged to Buy  
Inexpensive Cuts on March 29.

Washington—Weeks in which the department of justice will initiate its plan to "save money on meat" in groups of states have been announced.

Retail dealers will carry unusual stocks of the cheaper cuts of meat, which customers are urged to buy.

Week beginning March 29 includes Washington, Oregon and California.

April 12, Idaho, Nevada, Montana and Wyoming.

If customers would buy these cheap but "highly nutritious and palatable" cuts during these weeks, the department's statement said, "the saving effected will be tremendous and the slackened demand for the cuts now popular will result in lower prices thereon."

### New Chief Forester Named.

Washington—Appointment of Colonel W. B. Greeley, assistant forester, to succeed Henry S. Graves as chief forester when the latter retires, May 1, has been announced by Secretary Meredith.

### Lever Act Upheld by Spokane Judge.

Spokane, Wash.—Federal Judge Rundin, in an opinion filed here, sustains the Lever food control act as constitutional, overruling demurrers filed by three of the largest retailers recently indicted here for profiteering.

### Law Barring Red Flag Declared Void.

San Francisco—Portions of a Los Angeles ordinance prohibiting a display of the red flag and other radical activities was declared unconstitutional by the state supreme court here.

### Ex-Kaiser Not Implicated in Revolution.

The Hague.—Neither the former emperor nor the crown prince is implicated in the overthrow of the German government, so far as can be learned here.

### All U. S. Soldiers Out of Siberia.

Washington—All American forces have been evacuated from Siberia, the war department has announced.

### GILBERT F. CLOSE

Gilbert F. Close, who was recently appointed President Wilson's chief stenographer.

### WOULD TAKE OVER GERMAN TRADE

Washington.—A plan under which American steamship companies would take over and operate with American ships the 60 pre-war world trade routes of the Hamburg-American line is being worked out by the shipping board. Subject, it is understood, to the approval of the German company.

The proposal was approved by the senate commerce committee, 10 to 4, after Chairman Payne had explained it in executive session.

Both Chairman Jones and Mr. Payne said the board would not be a party to the proposed arrangements with the Hamburg-American line; that its part merely would be to furnish ships, either through sale or lease and to lend its co-operation in obtaining this business for American shipping interests.

It was said that any arrangement made would be a co-operative one, that the Hamburg-American line had the port facilities for handling its pre-war business, but was without ships. The routes which the American companies will take over include not only those between Germany and the United States, but also those to South America, the Orient and other parts of the world.

## VASHON HEIGHTS

Mc. Jas. Smart was a visitor to Seattle on Monday.

Miss Gail Murphie spent the week end with the Cowpins.

Mr. Chas. Randolph has been quite ill the past few days.

Mr. John A. Corbin and family have moved into their new home, near Mr. W. O. Cook's.

Mr. and Mrs. Stewart of Seattle have become a fixture at the Heights, having moved into their new bungalow last week.

Harry Hines, who has been helping Mr. Snyder, is now employed in Seattle. He expects to make that his home in the future.

After next Monday, the 22nd, the Virginia III will leave the Heights at 8:15 a. m. for Seattle, and return at 5:30, leaving Seattle at 4:30 p. m.

Mr. and Mrs. Chas. B. Taylor and Mr. and Mrs. Austin Taylor entertained Mr. and Mrs. F. W. West and Mr. and Mrs. Bonnell and their Indiana visitors at dinner on Sunday.

Mr. and Mrs. Austin Taylor are moving to their new home on the beach near Mr. West's residence, having sold their property at Vashon.

The Rose Club met with Mrs. Elmer Harneling. The epidemic of colds kept a number away, but a delightful afternoon was enjoyed by those who attended. The next meeting of the Club will be with Mrs. Coryell.

Mr. and Mrs. F. W. West and Mr. and Mrs. Geo. S. Bonnell have had as their guests during the last ten days Mr. and Mrs. E. A. Spray of Frankfort, Ind., and Mr. and Mrs. W. L. Rich of Indianapolis, who are on their way home after a two-months' stay at Los Angeles. They left on Monday for Vancouver, B. C., on the "Princess Victoria," and from there will go east via the Canadian Pacific.

Mrs. D. H. Cowan of Seattle entertained for her mother, Mrs. Ida M. Pinkham, with an "At Home" from two until ten o'clock. It was Mrs. Pinkham's 74th birthday, and her children, grandchildren and many friends were there to wish her many happy returns of the day. A dinner was served for the out-of-town relatives, among whom were: Mrs. A. D. Cowan and daughters, Mrs. Chas. Pinkham and Mrs. Morgan Doeblir of Vashon Heights. Many lovely gifts were received and a happy day spent. Mrs. Pinkham was long a resident of the Heights, and we still claim her, although she spends some of her time with her daughter in Seattle.

## POULTRY NOTES

Clean, dry litter, clean water pans and mash hoppers are essential to the health of good layers.

All air that is admitted for ventilation should be so handled that it will not blow on the fowls, especially when they are on the roost at night.

One of the best ways to furnish green food is to hang a cabbage head just high enough so that the fowls will have to jump for it.

## LEGION APPROVES OF STATE BONUS

Yakima, Wash.—Eighty American Legion post commanders from all parts of the state unanimously approved a bill drafted by the executive committee of the state organization providing that every Washington man in the world war be paid a state bonus of \$15 for each month served.

Though questions of referendum or initiative action to place the proposal before the people of the state, in case of failure by the legislature to enact the measure, were disclosed, the final decision was to put it up to the legislature at the special session this month.

The convention also adopted resolutions endorsing a proposal to create a state constabulary of 100 men, nine officers and seven clerks, under supervision of a state police board, of which the governor would be chairman and the only paid member.

### TO RETURN 50,000 DEAD

About 20,000 bodies of Americans to remain overseas.

Washington.—The bodies of about 50,000 of the American dead in France will be returned to the United States, while between 20,000 and 25,000 will remain permanently interred overseas, Secretary Baker informed Chairman Wadsworth of the senate military committee.

The secretary estimated the cost of returning the dead and concentrating the bodies remaining in cemeteries overseas at \$30,000,000.

While 111 bodies of American dead have been returned from Archangel, Secretary Baker said the same number still remained in northern Russia.

Evacuation of bodies in England is progressing, he added; while in Italy all bodies have been concentrated ready for return to this country.

### TWO BREEDS IN SAME FLOCK

Crossing Is Prevented by Keeping Male of One Breed One Year and Another the Next.

(Prepared by the United States Department of Agriculture.)

While keeping two distinct breeds of poultry in one yard without mixing the breeds seems difficult, it can be accomplished easily and with satisfactory results, as shown by the account of an experience just received from a New England poultry raiser. One of the kinds kept is a so-called egg breed, the other being a general-purpose variety of poultry. The method of preventing crossing is as follows:

One year, roosters of the egg-laying breed are retained and used for breeding, no other males being kept. The

First Prize White Rock Cockerel.

Following year roosters of only the general-purpose stock are kept. The difference in the color of eggs of the two breeds selected is so great that hatching eggs have always been selected with a certainty as to the breed laying them. The plan necessitates introducing new males, but the advantages of keeping the blood lines of two breeds separate outweigh the slight cost of purchasing the males. The department of agriculture points out that when this method is followed on two neighboring farms an exchange of roosters might readily be arranged.

### REMODELING POULTRY HOUSE

Many Stuffy Old Structures Can Be Rebuilt With Little Trouble—Cost Is Small.

Many farms have old style, closed-up poultry houses with poor light and ventilation; also old sheds and other buildings of little use for other purposes that can be remodeled or built over with little difficulty into satisfactory poultry houses, according to the United States department of agriculture.

A building of that kind usually can be made over for less than one-half the cost of constructing a new one, and if the work is well done should give just as good results. Furthermore, the work performed in remodeling the building serves as a good poultry club demonstration in poultry house construction.

Close Attention and Study Must Be Given to Each Individual Fowl—Some Are Layers.

Keep all hens as long as they are profitable. This calls for close attention and the study of each individual hen, but it is work that pays. The man who turns off every hen that reaches the age of two years is pretty sure to sacrifice some of his best layers.

## If Your Teeth Are Decayed—

Faith will not restore them. It will require the services of a skilled dentist to place them in a serviceable, healthy condition. Diseased teeth is a condition requiring practical treatment. The longer you postpone the treatment the worse your condition will be.

If you take skill, service and cost into consideration you will not hesitate about giving me your work. Better dental work you cannot receive anywhere and the cost will be equally satisfactory.

## TWO INVESTIGATIONS ON WHISKEY REVOLT

Iron River, Mich.—The "props" for the last act of the great comedy drama, "Iron County's Rum Revolt," were shifted to Chicago, where a federal investigation of the entire situation is to be conducted by George F. R. Cummerow, chief of the department of justice at Grand Rapids.

In the meantime, following a vindication of Iron County by Assistant Attorney General J. E. Converse of the state's legal staff and Mr. Cummerow, two separate investigations will continue here, one by state officials and the other by federal investigators. Cummerow, it was learned, has sent a report to the department of justice exonerating Prosecutor Martin McDonough of charges made against him by Major A. V. Dalymple, head of the prohibition expeditionary forces.

## REVOLT OVERTHROWS EBERT GOVERNMENT

Ousted Party Calls Strike to Save Germany From Return of ex-Kaiser William.

Berlin.—The government of President Ebert, first president of the German republic, was overthrown by revolutionary troops, presumably as part of an extensive reactionary plot, on Saturday. The revolutionists, apparently working on carefully laid plans, issued a proclamation naming Dr. Wolfgang von Kapp, president of the fatherland party, chancellor of Germany and premier of Prussia.

Major General Baron von Luettwitz, former military governor of Belgium, was named minister of defense, replacing Noske.

Friedrich Ebert, president of the old government, who with most of his ministers hastily withdrew from Berlin when the revolting troops marched in and Kapp and Von Luettwitz took control, is variously reported to be at Dresden or Stuttgart—and from this point of security is calling upon the socialists and working classes generally to stand by the old government and use the strike weapon so that the counter-revolution may be promptly suppressed.

In response to this appeal a general strike has been proclaimed in many places, but in other parts of Germany the call for a strike has not been received with favor.

Dr. Wolfgang Kapp, who proclaimed the new order at Berlin and himself chancellor, is employing all his efforts to assure the German people that government under him and those he selects to administer affairs will mean true democracy, increased productivity and conservation of the rights of the working people.

While adherence to the new government has been promised by some of the outside states, Saxony has declared against it, and Bavaria, Wurttemburg and Baden have joined in denouncing the movement.

With the general strike proclaimed throughout Germany by the independent socialists, affiliated with the trade unions and other organizations, Berlin already is beginning to feel the pinch of suffering again. The water supply has been largely cut off and food is scarce. Hotels are shutting down, and if the strike continues means of transportation will be at an end.

## 14,000 SOLDIERS NOW IN GERMANY

Washington—There are approximately 14,000 soldiers now in German territory, it was stated at the war department, and these forces are under the supreme command of Marshal Foch, under the terms of the armistice.

The American army of occupation numbers 65,000 men, under the command of Major General Henry T. Allen, and there are 6,000 additional troops under Brigadier General William H. Sage, sent into German territory to supervise the Silesian plebiscite.

It was the opinion of officials that American or allied forces could not be used unless the German revolutionaries should take steps which threatened violation of the terms under which the allied forces of occupation are in Germany.

## REVOLUTION NO SURPRISE

Test of Strength of German Factions Long Held Inevitable.

Washington—News of the revolution in Germany sustained the conviction of some officials and diplomats here that a test of strength between the socialists and the military and conservative elements was inevitable.

They said the military and conservative parties had seized upon every demand of the entente for the enforcement of the armistice and peace terms to goad the pride of the German people into resistance and had not found it difficult to fasten responsibility for acceptance of these terms on the Ebert government.

Signs of a marked change in the feelings and attitude of the German people have not been wanting and the recent attacks by mobs in German cities upon members of the allied commissions and the tenor of recent German notes regarding the fulfillment of peace terms have prepared entente diplomats here for some such development.

the new German chancellor, was born in New York, June 24, 1855. His father had come here at the time of the revolution of 1848. Dr. von Kapp is president of the fatherland party and during the war he was an ardent advocate of the "ruthless" movement and was constantly urging the construction of more U-boats.

## INDIANA IS FIRM

Politicians Can't Deliver It to Presidential Candidate.

Indianapolis, Ind.—No politician or group of politicians can deliver Indiana to any candidate for the Republican nomination for the presidency. Frederick A. Joss, national vice chairman of the Leonard Wood campaign committee, declared here as left for Chicago to assume his new duties.

"I am prompted to make this statement by newspaper reports that Indiana members of the house and senate have declared the state's delegates eventually will vote for one of the political stable, Lowden or Harding," he declared. "I hope these reports are incorrect for no delegate will be so foolish as to ignore the overwhelming mandate which the presidential primary of May 4 will dictate for Leonard Wood."

"Indiana is almost solidly for Wood and every delegate will be for him."

## AUTHOR'S WIFE JOINS

Mrs. Booth Tarkington in Leonard Wood Campaign.

Indianapolis.—Mrs. Booth Tarkington of this city, wife of the famous author and playwright, has been appointed chairman of the women's committee in Indiana for Leonard Wood for president.

Harriet E. Vitrum, national chairman of the Wood women's committee, also has named Mrs. Curtiss Hedges of Indianapolis to be vice chairman of the women's committee in Indiana.

### OBITUARY

Mrs. Nellie Mitchell Barnes was born at Cartwright, Wis., Dec. 23, 1888. She was married to Leon Barnes in 1907. They came to Weston, Oregon, in 1908, where they resided three years, coming to Vashon in 1910. They lived on the Island one year and then moved to Seattle, where Mrs. Barnes passed away on March 24th, 1920.

She is mourned by the husband, five young children, one brother in Seattle and her mother and two brothers and two sisters in Wisconsin.

Mrs. Barnes had a wide circle of friends 'on the Island, and was beloved for her sunny disposition and her willingness to be helpful under all circumstances. These rare qualities endeared her to all, and the friends here on the Island and elsewhere extend sympathy to the family and relatives, and with them deplore her untimely and early passing away.

### CHURCH ANNOUNCEMENTS

The Endeavor meeting last Sunday evening was splendidly attended. One of the signs of the increasing healthfulness of this young people's society is its attitude this year to outside benevolent causes. Against not having contributed a dollar for several years to any cause, this year it has made three substantial contributions. This accounts for the growing spirit of the society. Growth is the fruit of liberality.

The young people's study-entertainment class at the Bleekink home last Monday evening was again well attended, and particular interest was manifested in the study subject. Miss Hardin will be hostess of the next meeting, a week from next Monday evening.

The ladies' society of "Willing Workers" will meet next Thursday, 2:30 p. m., at the home of Mrs. S. J. Harmeling. As this is the final annual meeting, at which time all matters of the year are to be given a final settlement, it is

Bring your shoe repairing to W. D. Garvin, Vashon.

highly important that there shall be a full attendance.

It is hoped that the superintendent will be able to take his place at the Sunday school again next Sunday, after a two-weeks absence through personal and family sickness. The school is fortunate, however, in having a faithful assistant superintendent in Walter Parker.

The theme of the sermon next Sunday morning will be a sequel to the theme of last Sunday. The several expressions of appreciation of the last Sunday's subject has suggested the theme selected for next Sunday. We hope to see another good audience to the service.

The Endeavor meeting will be again held at 6:30. Another good service is the inviting prospect.

The annual congregational meeting will be held a week from next Sunday, after the morning service.

R. G. Williams,  
Minister.

### Center Services

The general sickness affected the attendance at the services last Sunday night. Notwithstanding, there was a fair congregation and personal appreciation expressed of the return of the services. There will be the regular services next Sunday night.

R. G. Williams in charge.

### Methodist

Sunday school at 10:00 a. m. Morning Worship at 11:00 a. m. Morning theme: "Who is Your Maker?"

Epworth League 6:30 p. m. Evening service 7:30 p. m. Subject of sermon: "Things That Are Fixed."

Last Sunday morning forty made a decision for Christ in the Sabbath school. Some for the first time took their stand for the Master, while others renewed their former stand.

Seven more have been added to the membership of the local church. These new members are followers of the Christ; they have found Him to be a personal Savior.

The class room is comfortably filled every Sunday. Some of the young folks also remain to pray.

### Children and the Church

The church of tomorrow will have to get its members from the ranks, which today we call "boys and girls." These boys and girls must be fashioned while they are young if the best is to come from them in after years. All believe that what a child is taught in the tender stages of youth will cling to it in the years to come.

It seems to me that fathers and mothers would be doing the church of tomorrow a great service if they would encourage their young folks to remain to the morning, or so-called "regular church service." Of course I do not expect that the wee little folks should be forced to sit an extra hour, but there are those, say from 12 years and up, Show these the benefit of the church to individuals and society at large; encourage them to love God's house. Hold them up in the right way while they are young, and when they get older they will not depart therefrom.

E. H. Gebert,  
Minister.

Of considerable importance to the industrial future of the state is the deliberations in the next few months of the Industrial Code Commission, appointed by Governor Louis F. Hart, to recommend a bill to the next regular session of the legislature preventing strikes and lockouts and establishing a means by which labor disputes can be settled peacefully.

The commission, composed of Edward P. Blake of Seattle, chairman; DeWitt M. Evans of Tacoma, secretary; John Patterson Spokane; H. Alvin Moore Seattle, and W. L. Dunnick, Yakima, is now engaged in studying the different methods employed in other states and countries and the Industrial Disputes Investigation Act of Canada. without recourse to strikes or lockouts are on the law books of thirty states and copies of these have been obtained.

Commissioner Moore has recently returned from a personal investigation of the Kansas and Massachusetts plans, which are said to be the most talked about of any existing measures.

Public hearings will be held in different parts of the state from time to time, at which citizens of the different communities will be asked to appear and give their ideas on what are the best means to adopt to prevent industrial troubles. The first public hearing was held in Spokane on Friday and Saturday of last week.

The editor of the Deer Park Union recently installed a new typesetting machine, and for the benefit of his readers explains what a linotype is:

The machine is a mixture of typewriter and an old carpet loom. The engineer in charge is called an operator. He encumbers a chair near the floor and plays with nimble fingers on the keys when the letters "run" nicely. This kicks the mats out of bed and rolls them downstairs to the basement, where they "left dress" until enough to make one "line of type" are in the ranks. Then the operator sets his paw on a lever and the assembled line is taken upstairs on an elevator and shoved across the hall and down on another elevator to the bathroom. Here they are given a showerbath from a pot of melted metal and then pulled out and dragged upstairs, where they are hung out on a line to dry and drop and await the next draft.

## The Clothing Business in Tacoma FOREVER!

Every article in this huge stock of Men's wearing apparel must be sold. Not a restriction of any kind. Our closing out price in most every instance is less than the same goods can be bought at wholesale today. In these times of high prices and the markets still advancing, this sale comes to you as an opportunity for great savings.

### Do You Need Clothing, Shoes or Furnishings ?

You can buy a good suit or overcoat that we formerly sold at \$30.00 for \$22.85, or one we sold at \$35.00 for \$26.50. You can buy a GORDON HAT, former price \$5.00, now \$3.85, etc. Shoes for work or dress of the best makes from \$2.95 up, in fact, get good shoes for about the price of soles and heels at the repair shops. You can buy overalls, the best standard makes that are now sold everywhere at \$3.00, for \$2.25. Flannel shirts, work shirts, underwear, in fact your unrestricted choice of this great stock of men's high grade apparel at prices less than you have paid for years.

**STOP, THINK THIS OVER—**Don't you think this is your opportunity?

Don't take our word or go by former sales you have attended, but come, see for yourself. We know you will buy your needs for months to come.

Remember, this is a reliable firm and any article bought at this sale must be just as represented or we will refund your money. Don't put off coming — This stock will soon be gone and this old reliable store closed forever.

#### SCHOOL NOTES

##### VASHON

###### Basket Ball

Vashon 20, Foster 25. Before a fair-sized crowd of rooters the Vashon high school boys came out on top in a fast, hard-fought game. The home boys had it on the visitors in every way, except for a few minutes in the last half, when the Foster boys almost evened the score. There was no individual star—all team work, each one doing his share.

Friday night of this week the teams go to Enumclaw for the last trip of the season. Everyone is in high spirits over the game, and quite a crowd of rooters are expected to go with the teams.

Last game of the season? Yes; it's the Burton game. The game will be played in the Vashon gym on Friday night, March 26th. Those who were swamped in the game at Burton, the boys are ready to make a last stand against the Burton would-be champions in the coming game.

We feel more confident on our own large floor, and intend to send the Burton fellows home with a game worth remembering.

So, let's everybody go. It's the last game and is going to be a real tussle between the old Island rivals.

Remember the date and place: Date, March 26th.

Place, Vashon gym.

Last game of the high school basket ball season.

Winlock is destined to become one of the leading berry centers in the Northwest, it is reported.

###### SPRING

When the song-birds sing their greeting,

And the bull-frogs have a meeting,

When the snow-drops first appear,

Then we know that Spring is here.

On the dawn wings afloat

Comes the meadow-lark's sweet note,

High up in the heavens blue,

We hear again his song anew.

Ada Blekkink.

###### MAY

There is a beautiful month called May,

When the flowers bloom every day

And the sunsets are long,

And 'tis late when the birds sing Their evening song.

There is a beautiful month called May,

When the twilight to darkness turns slow;

And the sun gets up early, for long to stay,

And scarcely a wind does blow.

Bonnie Kline.

###### POETRY

I never could write poetry,  
So why should I waste my time,  
And use up all my energy  
Just trying to make a rhyme?

I'd much rather be out of doors,  
And fishing in the brooks,  
And watch the eagle as he soars,  
Than studying dry old books.

John King

###### SPRINGTIME

I like the Springtime better  
Than the rest of the year;  
It brings the flowers and birds,  
Who sing of all good cheer.

It also brings my birthday  
With butterflies and bees,  
Who fly around from plant to plant,

Or float upon the breeze.

And, too, it brings the Mayfly,  
That sinks with the sun in the west.

Tho I like the other months,  
I like the Springtime best.

Ruth Heins.

###### POETRY

My teacher, Miss Magowan, thinks  
I ought to write a poem that links  
Of all the things I cannot do.

Tis to make a poem that's big and true.

I have been in this grade for years,  
And cannot write a poem;

The very thought fills me with fears.

I guess I'll sneak off home!
