

VASHON ISLAND NEWS-RECORD

VOLUME IV.

VASHON, KING COUNTY, WASHINGTON, THURSDAY, MAY 6, 1920.

NUMBER 29.

South End Ferry Opening, Saturday, May 15

NOTICE—A feature of the Program will be a Complimentary Luncheon given by the Tacoma Commercial Club in the Tacoma Building, to which all residents of Vashon and Maury Islands are invited. As the club would be pleased to have information in advance as to the number of guests, all who plan to go are requested to advise Mr. Meredith at the Burton Store or the News-Record. Names should be in by May 12th. Watch for more complete data in our issue of May 13th.

BURTON

Miss Mamie McGee was over from Seattle for a week-end visit at the D. H. Green home.

Mr. and Mrs. Schram of Tacoma moved into the Morrison cottage last week, where they will reside for a short time.

Mrs. M. L. Morrison has fixed up the large room adjoining Burton post office into an attractive lunch room, which is already in operation.

Mrs. E. B. Tubbs moved her household goods to Seattle on Friday, so she can live near her daughter and be close to any work she may take up.

Mr. Edward Hiatt, conductor on the Southern Pacific road from Portland to Tillamook, Ore., spent a week's vacation with his brother, A. E. Hiatt, in Burton. He is delighted with the island and hopes to have a home here ere long.

At the school election held last Saturday evening, Burton voted solidly for consolidation of the Center district with Burton. We understand that Center voted against it and have decided to use their school building again.

Mr. and Mrs. Frank Claus of Maury Island spent the week-end with Mr. and Mrs. E. O. Roberts in Burton. Mrs. Roberts' uncle, Mr. Bert Phillips of Vancouver, Wash., has also been their guest for several days this week.

Mrs. John Knowles entertained over the week-end her brother-in-law, Mr. John Palmer, and four children. This week Mrs. S. F. Birnel and little family of Tacoma are enjoying a visit with her and reveling among the blossoming fruit trees in the large orchard.

Mr. Clarence A. Weaver of Seattle, recently returned from Florida, is preparing the Geo. Taylor store building for a stock of groceries. He and Mrs. Weaver will soon occupy rooms back of the store. Mr. Weaver is a nephew of Miss Clara Maitland at Hotel Burton.

"Campus Day," Monday, at the high school brought out the teachers and students in their work clothes, and what they accomplished in the way of clearing up the grounds will be witnessed by the traveling public and appreciated by all who have an interest in Burton high.

C. B. Kline last week finished setting out 10 thousand strawberry plants on the Smith place by Judd Creek. The island seems to be coming back to the fruit that was raised so extensively a few years ago. Mr. Kline says besides doing all this work and baching in the house, his burdens were made heavier by entertaining a friend, George Erpelding, of Auburn!

Mrs. Frank Enochs left this week for La Grande, Ore., to be absent five or six weeks, to recuperate from a siege of the grip. She will be at the home of her sister, where her mother is also living. The little folks enjoyed the birthday party at the home of little seven-year-old Ruth Olson on Saturday afternoon, with lots of room to play and lots of good things to eat.

The friends of Mrs. Margaret Wadsworth were glad to welcome her back home this week. She arrived on Monday from Ottawa.

Expert sawfiling at Rendall's.

Kansas, where she has been for nearly a year with a sister. She also spent some of the time with relatives in Michigan. But she thinks her little cozy home on the Island will be her abiding place henceforth—none other can compare with it.

At the missionary Society meeting at Mrs. H. Fraser's, Thursday afternoon, Mrs. May Hawthorne of Tacoma gave an interesting talk on missionary and W. C. T. U. work in China and other places in the Far East. Luncheon was served. Mrs. W. C. Whitfield extended an invitation, which was gladly accepted, to hold an all-day meeting, the last of the season, at her ranch home the last Thursday in May, when new officers will be elected and other business transacted.

The Vashon Island's Woman's Club held its Fellowship Luncheon at the home of Mrs. Steinmetz on Tuesday, the 4th of May.

It proved to be a very auspicious day. The beautiful weather, the full attendance, which spoke for the health and wellbeing of the members, the delightful luncheon, with the free flow of wit and wisdom, combined to make the occasion the most enjoyable the Club has had for some time.

A big table was set and around the board the members satisfied both the eyes and the appetite. After the luncheon, special honor was paid to the Club Mother—the hostess and the absent member, Mrs. Martin, prevented by illness from entertaining in the day as planned in the program.

There was some business to transact and some discussion of next year's plans, but the spirit of sociability remained the ruling power of the day and adjournment found the members unanimous in feeling that the occasion had been true to the letter of its name—A Fellowship Day.

"Old Glory" will be raised to the top of the flag pole in Burton, Saturday evening at 6:30.

There will be no public demonstration, only the satisfaction that the old flag that broke its rope last fall is back in the breeze, reminding us of duty and loyalty. The flag can be seen from nearly all parts of the island and is an inspiration for all.

Burton Baptist Church
The theme at the Baptist Church next Sunday at 11 a. m. will be: "The Authority of Jesus".

There will be no evening service at the church. Rev. T. S. Fretz will preach the Baccalaureate Sermon at the High School Auditorium at 8 p. m.

T. S. Fretz,
Acting Pastor.

COVE

John Tronas has been delivering some fine wood at Mr. Hunt's ranch.

Pete Nestrup is busy splitting up all the blocks of wood in Beulah Park. He got some job on his hands.

Mr. and Mrs. E. E. Devo of Vashon motored over on Saturday evening and enjoyed the party at the D. Dunn home.

Mrs. Frank Sigrist entertained her uncle, Mr. Helge, of Seattle,

at Sunday dinner. He was also a guest at the Dunn party.

Mrs. Capt. C. Anderson spent several days in the city visiting her sisters, Mesdames Benson and Brevik.

It may be somewhat late news, but Mr. Geo Walls is putting on lots of airs since that eight-pound daughter came to his home. All are doing fine.

Mrs. C. A. Renouf had a pleasant visit on Sunday afternoon from Mr. and Mrs. C. Swanson and Mr. and Mrs. Saxe of Portage. They motored over.

We didn't know that A. L. Hotchkins is Irish, but it looks so, as he is having the roof on his house and porches painted in two shades of green.

Grandpa Joe Raisbeck enjoyed a good Sunday dinner, as his daughter, Mrs. Arthur Butler, and her little son came over from the city to spend the day with him.

Mr. H. O. Thomason is something of a Methodist these days. He sings "Glory, hallalelulah!" as he has finished packing his last box of apples—some 500 of them, all told.

Mr. Burt Moore has a fine job on his hands. For the past few days he has been repairing ditches. Mud and water knee-deep to work in is just delightful, you think—perhaps so.

Mr. and Mrs. Larson are planning to build a summer abode on the waterfront, near the Cove store. They cleared a garden spot and were looking for potatoes to plant—some demand, this spring.

Mr. E. N. Earles has been doing some artistic sign painting on his mailbox, removing the name Thorson and inscribing his own. The letter A in the name (I guess E. N. had something strong to drink that day) is sure "on a bender."

Mr. C. Elden met with quite a serious accident last week. While

driving over a log in his work on the road he was thrown off the wagon, breaking his collarbone. He will be laid up for some time. Very unfortunate. The sympathy of our community goes out to him.

There was a very pleasant gathering of neighbors and friends at the home of Mr. and Mrs. D. Dunn on last Saturday evening. A number of friends from Seattle and Tacoma were in attendance—the house was full. The young folks danced and some of the older ones enjoyed themselves at the card tables. Mrs. D. served light refreshments with coffee. The hours flew too quickly.

Mrs. W. V. Crozier had for a week-end visit Mr. and Mrs. A. Seavey and daughters, Myrtle and Audrey, also Mr. W. Moffett, of Seattle. They were guests at the entertainment at the Dunn home on Saturday evening, also.

Mr. and Mrs. Frank Elden of Tacoma were invited guests at the dance given by Mr. and Mrs. Dunn. But Frank kills two birds with one stone—enjoys some good meals at the old home ranch also.

Mrs. H. O. Thomason was called to Seattle by phone message last Sunday, her granddaughter being very ill. She and Mrs. Burt Moore had a great jaunt over to Vashon one day last week to get the horse shod, only to find the blacksmith "not at home." Vale.

CENTER

The election returns were about three to one against consolidation.

Mrs. J. R. Wilson of Seattle, came over from the city on Monday evening.

Mr. Ludwick Mosher is visiting his grandfather, Mr. C. H. Mosher, for a few days.

Mr. and Mrs. A. G. Nystedt have purchased the Rodstrom property

Mr. Robert Marshall has been on the sick list the past week.

in Paradise Valley and have moved their family over from Seattle.

Miss Esther Swanson spent the week-end in Seattle with her parents.

Mrs. L. D. Houghton spent the week-end in Seattle at the home of Mrs. Wilson.

Mr. and Mrs. Carvill have returned from the South—just in time for "blessom time."

Mr. Simonson has purchased the Misses Thompson property and has taken possession.

Mr. and Mrs. A. Hedman and family were over for a few days last week working on their place.

Mr. and Mrs. Paull are busy remodeling their house. When completed it will be a great improvement.

Mr. Poultney is making good headway in clearing the 10 acres he recently bought, a part of the Hatch tract.

Don't fail to see the "Old Maids' Convention," to be given by the P. T. A. of Center, on Wednesday, May 12th, at I. O. O. F. hall at Center.

The fine sermon delivered on Sunday evening at the Methodist church, Vashon, by Rev. Gebert, was greatly appreciated by all who attended.

Mrs. Gilbert, who has been seriously ill the past week, is reported to be improving. Mrs. B. J. Wyde, a trained nurse, is assisting in caring for her.

The I. O. O. F. Lodge gave an enjoyable evening to the ladies last Thursday, when the Noble Grand, Mr. Claude Williams, invited the members to bring their wives. The evening was spent with music, after which a delicious lunch was served downstairs and to which all did ample justice.

Mr. Howard Rodda is the proud owner of an Overland roadster.

Mr. and Mrs. Wm. Palmateer have been enjoying a few days' visit with relatives on the Island.

Mr. and Mrs. Laurie Thoms and family enjoyed Sunday dinner at the home of Mr. and Mrs. C. C. Williams.

Mr. and Mrs. Bartholomew from Cromwell, Wash., spent the week-end with Mr. and Mrs. Albert Therkelsen. The latter motored with them to Cromwell, returning on Tuesday evening. They reported that Vashon roads are excellent compared to those they traveled.

The Camulos Club was delightfully entertained by Mrs. Dunlap. A program was given after the usual business meeting. Mrs. T. B. Allison read an excellent paper on "Pure Food and How to Obtain It." "Laws Governing Adulteration of Food." The hostess served a delicious luncheon. The Club adjourned to meet in two weeks at the home of Mrs. Hearst. Roll call to be answered by suggestions for a name for the Island park. Papers will be as follows: "Food For the Family," Mrs. Clayton Williams. "Food For the Man," Mrs. Sorlie. "Food For the Wife," Mrs. Claude Williams. "Food For the Baby," Mrs. Dowling. "Food For the Invalid," Mrs. Hebble.

DOCKTON

Miss Anne Larsen visited with friends at Southern Heights over the week-end.

Mrs. Bendicksen of Tacoma spent several days with her cousin, Mrs. J. Danielsen.

Mr. J. Martinovich left for Aberdeen on Sunday, where he will superintend the finishing work on Ship No. 3.

Mr. Pennington of Puyallup spent the week-end at the C. Petersen home, and was the guest of Miss Lucy Meyers.

Mr. and Mrs. Claude Peterson entertained over the week-end Mrs. Clark and daughter, Miss Pearl Clark, of Tacoma.

The congregation enjoyed the singing by the quartet on Saturday evening, and will be glad to have them with us again. We hope to be prepared and to have the light plant in good working order.

After spending several weeks visiting her parents, Mr. and Mrs. J. Bussanich, Mrs. S. Satlow and daughters, Rose and Evelyn, returned with Mr. Satlow to their home in Hoquiam on Sunday.

A party of young people motored to Vashon on Monday evening and attended the play given at the high school. According to report it was very enjoyable. Miss Lucy Meyers chaperoned the party.

Master John Radin celebrated his ninth birthday on Sunday, May 2nd, by inviting his cousins and little friends to his home, where his mother entertained them most graciously. Those present were: Mary and Marina Cosulich, Mary, Rose and Katherine Berry, Helen Andersen, Charlotte Bussanich, Frida Martinovich, Victoria and Florence Radin, Tony Cosulich, Robert and Charles Martinovich, Marvin Andersen, Tom and John Harrison and John Radin. Many useful gifts were received.

Mrs. John Bussanich entertained for her little granddaughter, Charlotte Bussanich, on Thursday, April 29th, in honor of her fifth birthday. The children present were: Mary and Marina Cosulich, Mary, Rosie and Katherine Berry, Victoria, Florence and Ida Radin, Frida Martinovich, Evelyn and Rose Satlow, Ione Andersen, Tony Cosulich and John Radin. Charlotte was the recipient of many useful gifts.

Mr. P. T. Wiltse, Scoutmaster, and the Boy Scouts, enjoyed a hike on Sunday, going first to Burton on the early boat and then tramping across the island. They cooked their dinner on the beach near Lisabeula, and after resting a bit started for Quartermaster, where they took the boat for home, and they arrived in fine spirits after such an enjoyable day. The Boy Scouts are: Alfred Stuekey, Alfred Johnsen, Evid Ongstad, Stanley Nilsen, Charles Martinovich, Clifford Petersen and Harold Petersen.

Mr. Smock became a resident of New Plymouth in the spring of 1907, and during his career of 13 years in that thriving little city he has done more for its upbuilding and progress than any other citizen. He is a man of ability, and is not only a booster but is willing to back up his ideas by investing his own capital. The people of Vashon Island should be congratulated upon receiving a man of Mr. Smock's ability as a community builder, public speaker and a live wire in developing the possibilities of the Islands.

Vashon Island, which also includes Maury Island (linked to it by a narrow neck of land) is located in Puget Sound between Seattle and Tacoma; is about 12 miles in length and from 2 to 4 miles in width, with a population of about 6000. It is a great summer resort, and during the season the population is increased by from 3000 to 4000. They are building paved roads; have a 24-hour electric system, have some of the largest poultry ranches and greenhouse plants west of the Rockies, and is destined to become one of the garden spots of the earth."

A BIG EDITION

Next week's issue of the News-Record will be the "Tacoma-Vashon Ferry Edition." It will be a fine advertising medium. All copy for insure insertion should reach us early in the week.

The contest for the \$50. prize for the most appropriate name for the So. End ferry landing will close on this Friday, May 7th.

This is a presidential year, and in the opinion of a lot of people, a bad year for business. Just why a presidential year isn't as good from a business standpoint as any other no-one has ever been able to explain, and until they do explain there will be thousands of people unwilling to believe the statement.

There's room in every community for the booster. We've a welcome right here for any of them that want to come in, hang up their hats and make this their home. But we haven't an inch of space we would care to have the knocker feel was reserved for him.

When a woman really has to buy something she wastes very little time in shopping.

It may be that failure to sign a peace treaty is affecting farmers here on the Island. We do not know, but certain it is that we would all be better off if some kind of treaty was signed, and signed at once. We have no desire to argue that the treaty framed at Paris was good or bad. Neither do we claim that those opposing it are not entitled to their opinions. But we do believe that officials of this government owe it to the world to take some definite stand.

What profiteth it a housewife if this season's fruit crop turns out to be the biggest on record and she hasn't sugar enough in the house to sweeten a cookie.

They can change the English language all they please, but they will never be able to take away the sweetness of those three little words, "Enclosed find check."

A report comes from Washington, D. C., to the effect that the present shortage of sugar is due to a group of men holding millions of pounds of the product. It would sound better if such reports came from some other part of the country than the capital, for so frequently has it happened that relief was promised from Washington and then did not materialize that anything that comes from that source is looked upon with more or less suspicion. The report, however, implicates the manufacturers of soft drinks as well as sugar speculators, for it is stated that soft drink makers have immense quantities of sugar hoarded away. So these people have succeeded

the brewers in the matter of drawing criticism from those who are unable to get sugar. Whatever the cause of the shortage it is certain that sugar is hard to obtain and that it is selling for very high prices. Reports from Cuba are to the effect that there is plenty of sugar piled up on the wharves down there awaiting shipment. It is certain there is plenty of sugar somewhere and the government ought to be able to discover where it is. As for prosecutions, no one has been heard from who is trembling in his shoes from fear of being sent to jail.

About the only result we can figure out in this widespread demand for overalls is that it's going to make the man who works pay more for his from now on.

Now that the Russian "Reds" are insisting on their members going to work, Bolshevism will soon begin to wane in this country.

By this time most any presidential candidate is in position to tell you that the most difficult part of the whole job is getting the nomination.

They say that

The business we do from day to day is a cantinuous proof of the confidence imposed in this House by our patrons and friends; the questioning of a price is almost unknown in this store; men are generally informed as to right prices on the clothes they wear and our prices receive favorable comment, if any.

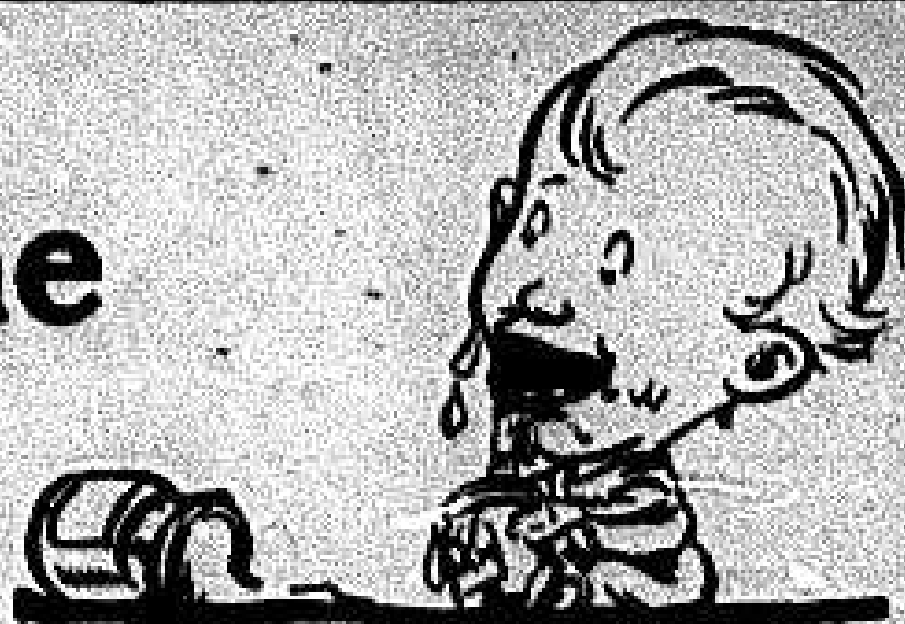

We want this confidence to continue and our part in its continuance will be, as heretofore, an earnest and fair consideration of your interests along with our own; for instance—we are selling overalls today at \$3.00 while the factory price at this time is \$37.50 per dozen or \$3.12½ per pair.

We can and will continue this price as long as our stock holds out and we say to you again, as man to man, we will always guard and protect your interests along with our own.

We thank you for reading this advertisement.

the Islands; desire to see the community advance and make spiritual as well as material growth. For without doubt a well-conducted and liberally patronized newspaper can be made a greater factor for good than any other agency. Sincerely,
Robt. M. Jones.

In making our bow to the people of Washington in general, and to the residents of Vashon Island in particular, we assume management of the News-Record with both confidence and hope. We have confidence in the future of the Islands, and hope to be able to follow out the high tone policy of the paper as it has been conducted by the retiring editor, Robt. M. Jones.

We have cast our lot here through neither necessity nor chance, but solely through choice. The News-Record will remain an independent newspaper—non-partisan and nonsectarian. We shall try and print the news from week to week, and promise only one thing, that is that every subscriber, advertiser and job-work customer will get their full money's worth in every deal they have with the News-Record.

We shall try to be law-abiding citizens, and with the continued active interest of Mr. J. B. Dahlager and the moral support of Mr. Jones, backed by the mechanical aid of Mr. Fred F. Noyes, who has been associated for several years with the new editor as co-partner, we can only let time alone determine whether our patrons will "like us" as well as we are confident we shall like the Island people.

NEWS-RECORD SOLD

Due to failing health I have sold my interest in the plant, the business and goodwill of the Vashon Island News-Record to Mr. P. Monroe Smock, an experienced newspaper man from New Plymouth, Idaho, who, beginning with this issue, takes the helm.

I wish to emphasize at this time my gratitude to the friends who have stood by me; and among the many whom I am proud to call friends are the correspondents from the various communities on the Islands who have made possible the production each week of a newsy community paper. We doff our hat to these able associate editors. And we are not unmindful of the support given by advertisers, a number of whom purchased space in these columns when the Record was launched and are still with us. One deserving a large measure of credit for the success of the paper is our good wife, who for more than five years that we have labored on the Islands has been our able assistant and counselor.

It is with great reluctance we relinquish control of the paper. But we are not saying goodbye. We hope to remain a resident of

TEACHES BOYS TO MAKE STEAMERS

Baptist Missionary in Burma Develops Unique Industry—Government Helps in Education.

"On the road to Mandalay, where the old flotilla lay," steam launches built by the Burmese boys of a Baptist Mission school are now making frequent trips and the profits from their sale to the natives are helping in the establishment of practical industrial education in that country.

The Rev. Dr. C. A. Nichols is the man that is directly responsible for this industrial development. In far off Burma, on the actual soil of old England, even though as Kipling says "there ain't no buses runnin' from the bank to Mandalay," he secured a sawmill.

It was in Bassein, one of the towns grouped about the numerous mouths of the Irrawaddy, that the enterprise was begun. The Irrawaddy is the very river upon which Mandalay is built and up which "the old flotilla" made its way from Itangoon. Rev. Dr. Nichols went to work as a Baptist missionary among the Sgaw Karens one of the forty races in cosmopolitan Burma, conducting a missionary school along the standard lines.

One day a British commissioner visiting the school asked why the boys were not taught a trade. Dr. Nichols made the time-honored missionary excuse, lack of funds to purchase equipment.

The commissioner, however, was so well impressed with the progress that the boys were making in their studies that he undertook to put a dozen of them in the government railway shops to study as machinists. Here the boys spent five years learning their trade and during that apprenticeship retained their membership in the mission church. This was the first step in the development of the industrial education idea. The next was the purchase of the sawmill.

Incidentally the Northern Baptist Convention has grasped the significance of Dr. Nichols' idea, and in its New World Movement program includes a project "to establish a trade school at Moulmetsa and introduce education in the industrial arts, for industrial independence will make for the strength of Christian society in India as in America."

EDUCATE INDIANS TO BE REAL AMERICANS

Extension of work for the American Indian is being undertaken by Northern Baptists as part of their New World Movement. A great campaign of education, the establishment of churches and a thorough system of welfare work are important features of the proposed Baptist program for the Indian.

That the Indian has been neglected is asserted in a recent survey made by Northern Baptists. "Of the 338,000 Indians in this country, only 75,000 can read or write," states the report. "Less than 100,000 can speak the English language, not one-fourth have been admitted to citizenship, and, while there are a few good schools, there are not enough to meet the need."

The opening of a new station among the Navajo in Arizona, the largest existing tribe at the present time; extension of work in California; establishment of stations among the Rocky Boy Band and the Flatheads of Montana; a new school of secondary grade in Oklahoma, are among the immediate steps to be taken in enlarging the work among the Indians.

TO SPEND MILLIONS FOR NEW BAPTIST CHURCHES

Plans for the New World Movement of Northern Baptists provide that 113 churches of that denomination will receive \$3,500,000 for new buildings and that 24 educational-social-religious centers will receive \$1,000,000 for additional modern equipment. All of this is included in the \$100,000,000 campaign which the denomination will carry on between April 25 and May 2. It is also planned to spend \$800,000 to clear up the debts of 37 churches. This program was held up during the war, along with all kinds of building activity, but the Edifice Department of the Northern Baptist Convention reports that \$725,000 was distributed among 29 churches to remove long-standing debts and to purchase property.

Model Tenements for China. Dr. C. A. Huntley, a Baptist missionary, recently returned from China states that the American Baptist Foreign Mission Society will erect strict rat-proof model tenements near Shanghai Baptist College in their fight against the disease-spreading rodent. All houses will be equipped with every modern hygienic and sanitary device.

Tests made over every kind of highway in the state of Oklahoma show that where 6,000 pounds are to be transported, 10 horses are necessary on a sandy or muddy road. Upon a hard, dirt road five horses must be used. On a gravel road two horses will do the work. If there is a good macadam or paved road, one horse is all that is necessary.

GORKY CONDEMNS BOLSHEVIK RULE

Finds Leaders Have "Experimented on Human Beings."

BAPTISTS RAISE A BARRIER.

Plan Educational Extension as One Remedy—Also Would Draw Families Closer Together.

Revelation of the failure of the Bolshevik movement to produce the power to lift up the downtrodden of Russia is made by no less a Russian than Maxim Gorky. In an article published at Helsinki, Finland, Gorky is quoted as saying:

"The revolution has not been followed by any spiritual revival, and has proved itself unable to make men more honest. Men now in power are just as brutal as those in authority under the imperial regime, and send as many men to prison.

Bolshevik leaders, driven by ambition, are performing experiments on human beings.

It is in the belief that Christianity is the greatest barrier that can be raised against the growth of such a spirit in the United States that the New World Movement of Northern Baptists has organized 10,000 churches to raise \$100,000,000 between April 25 and May 2.

Declaring for a "vigorous application of Christianity to problems of world unrest," the Northern Baptists are to extend educational work, spread their Americanization of the foreign born to a greater degree, work among Indian tribes and the negro race more than ever before, develop many more community centers in the cities, occupy vast areas that now have no church, and expand their work in the foreign fields.

While applying these measures, efforts are being made to knit the social fabric more closely by bringing the family closer together as a unit. In the churches this takes the form of organization of groups of several families in each group. The observance of "family Sunday" every few weeks is another factor in this movement. The need for such improvement of family life has awakened civic authorities, too, and several states have "home bureaus." That of Illinois, for instance, states its purpose "to develop every home into an institution which is economically sound, mechanically convenient, physically healthful, morally wholesome, mentally stimulating, socially responsible and a center of unselfish love."

And both church and civic leaders agree that with such a development, much is done to lessen the peril to the outlook from radicalism.

BAPTIST CHAPEL CARS MAKE GOOD

Unique Method of Preaching Gospel Shows Excellent Results. More to Be Constructed.

As a part of the New World Movement of Northern Baptists, for which \$100,000,000 is to be raised in an intensive campaign from April 25 to May 2, several new chapel cars will be added to the seven which the denomination has already on the road.

These chapel cars are just what the name implies, regular railroad cars with a chapel on each one and living quarters for the missionary and his wife. They are switched about by the railroads, stopping in various towns where there is no Baptist church and frequently in smaller towns that are entirely churchless. Services are held in them, both at the stops and en route and persons are reached who might otherwise have had no opportunity of hearing the gospel.

By their ministry 218 churches and 358 Sunday schools have been established, 179 meeting houses built, 272 pastors settled, 24,919 conversions reported, with 8,530 additions to the churches brought about otherwise than by baptism and 18,727 Scriptures distributed.

The Evangel, as one of the cars is called, in the 60 months that it has been on the road, reports 2,138 sermons preached, 3,993 families visited, 2,975 copies of the Scriptures distributed, 802 conversions, 500 baptisms, 400 additions to churches otherwise than by baptism, 5 church buildings erected and 19 pastors settled.

PLAN TO PAY SUNDAY SCHOOL TEACHERS NOW

Salaried Sunday School workers are favored by the New World Movement of Northern Baptists. In its campaign for \$100,000,000 between April 25 and May 2 the denomination plans to spend \$282,000 for 24 supervisors and organizers, 50 Bible workers in this country and 24 in Latin America, three specialists in Sunday school institutes, 12 specialists in young people's work, 10 state Sunday school directors and 50 highly trained Sunday school leaders. This is only the beginning of a change which, a special survey committee reports, is "bound to be a slow process."

These Pastors Look for More Women to Fill Vacant Pulpits

Left—Miss Ella J. Nash. Right—Miss Alice M. Whittier.

As a solution of the problem of the pastorless churches in the North Woods of Maine, Baptists have ordained two women ministers, and they are now serving in the pulpit of the picturesque little church at Jay, Maine. While other women evangelists are "helping out" at churches where ministers with large families have not been able to meet the rising cost on an average salary of \$1.87 a day, Miss Alice M. Whittier and Miss Ella J. Nash, so far as known, are the only Baptist feminine clergymen in the whole of New England.

They were ordained in 1917, when the war was making a heavy demand on the man power of Maine. Their first assignment was to the church at Jay, one of the oldest of the state, having a history that dates back 110 years, when the congregation met in a log house. As a rule Miss Whittier takes the morning service and Miss Nash has charge of the evening meeting.

Both were graduated from the Gordon Elble College in Boston, and both worked for a number of years afterward under the direction of the American Baptist Missionary Society. They have served the out of the way settlements in the far north Aroostook County and other sections of Maine, where the people depend on the co-porteur for their gospel teaching. They have filled two pastorates of five years each, one at Owl's Head and the other at Jay where they are at present stationed.

Will the woman pastor solve the problem of the shortage of ministers? Miss Whittier says she will. A woman gifted with the power of oratory, trained in a high class theological in-

stitution, and willing to make the combined sacrifices of not only a preacher's wife, but a preacher himself, should be allowed to fill a pulpit, she declares.

According to Miss Whittier, the woman preacher has come to stay. It is her opinion that very soon a large percentage of clergymen of all Protestant denominations will be women. The Baptists and the Congregationalists are among the first denominations to admit women to the ministry.

"Will women pastors be content to work on salaries that average less than \$700 a year, as men preachers have been doing for years?" is another question Miss Whittier answered.

She said they decidedly would not. "All over the country," she said, "people are realizing more and more the injustice that has been done to the ministers. The time has come, I believe, when pastors are to receive their just due. The country pastor's salary should not merely be raised—it should be doubled. He receives less than an ordinary day laborer and depends to an humiliating extent upon the charity of his congregation. No, women who enter the ministry will not be so patient, I'm sure. Conditions in America today do not warrant the practice of such self-denial."

Miss Whittier is one of the leaders in Maine of the New World Movement of Northern Baptists. That state has been asked to raise a quota of \$2,050,000. The amount didn't stagger the pastor of Jay.

"Will your congregation be able to come across with their apportionment?" she was asked.

"Certainly, there's no doubt about it," she said.

PANAMANS PROTEST AGAINST ISLAND USE

Panama.—Several thousand Panamans Sunday night marched through the streets in a torchlight parade as a protest against the acquisition by the United States of the major portion of Taboga Island for the purpose of fortification, as a part of the Pacific defense scheme of the Panama canal.

An automobile in which General Pershing was driving to a ball in his honor at the Union club was halted by the procession and forced to return to the Tivoli hotel.

Mobs formed in the streets and irresponsible persons threw rocks at prominent Panaman officials, a number of whom were injured.

VANDERVEER LOSES APPEAL

Superior Court Affirms Conviction and Fine of \$25.

Vancouver, Wash.—It took a superior court jury only 10 minutes to convict George F. Vanderveer, attorney for the I. W. W. convicted in the Centralia armistice day murder cases, on appeal from the justice's court. Vanderveer had appealed from a \$25 fine imposed for conviction on a charge of talking to prisoners in the county jail through the bars from the street.

Mr. Vanderveer acted as his own attorney. He asked himself the questions he would have asked any witness and then proceeded to answer them.

FATHER AND SON ARE KILLED BY MEXICANS

American Destroyers Ordered to Vera Cruz and Tampico.

Washington.—Two American citizens, Eben Francis Greenlaw and his minor son, were killed by Mexican bandits, the state department was informed by the American embassy in Mexico City.

The killings occurred at Palazadas, about 125 miles from Mexico City. Greenlaw was employed by a British lumber firm.

The state department announced that it has requested the Mexican government through the American embassy to take "effective measures" immediately for apprehension and punishment of the assassins.

American destroyers have been ordered to Vera Cruz and Tampico to protect Americans there.

MAY DAY PASSES FREE OF VIOLENCE

Washington.—Plans of radical leaders for nation-wide May day demonstrations, involving strikes and plotted assassinations for more than a score of federal and state officials, fell flat, according to reports to the department of justice.

Extra precautions taken by federal and state authorities to block the radicals' widely disseminated appeal for a "May day show of power" were described at the department as decidedly successful.

Despite the fact that there were no reports of attempted assassination of public officials, it was said that the government intended to maintain its guard over the persons threatened.

The appeals of the radicals for a demonstration against the government in behalf of soviet Russia also was without avail, the reports indicated. Incendiary speeches and demands that the United States resume relations with Russia were made at meetings in several cities. Assistant Attorney-General Garvan declared, but the net result was negligible.

COURT ORDERS RECOUNT

New Jersey Primary Results Will be Re-examined May 10.

Newark, N. J.—Chief Justice William S. Gummere of the supreme court signed an order for a recount of the vote cast in the presidential preferential primaries for Senator Johnson and Major-General Wood.

The recount will be for the entire state and will begin May 10 in Essex, Morris, Camden, Gloucester and Cape May counties, where the supporters of Senator Johnson allege that mistakes were made in vote tabulations.

Sale of Ships Limited.

Washington.—America's first merchant marine bill, virtually as drafted by a sub-committee, was ordered favorably reported by the senate commerce committee. The bill is a substitute for the bill passed by the house. The senate bill provides that coastwise shipping shall be entirely American-owned; that 75 per cent of the stock of American corporations engaged in foreign trade shall be owned in this country, and that American vessels can be sold to foreign interests, with one exception, only after the shipping board has approved of the sale.

Sorille Convicted of Communism.

Portland, Or.—A verdict of guilty was returned by the jury in the case of Lawrence A. Sorille, charged with violation of the state anti-criminal syndicalism law. Leniency was recommended. Sorille is one of the 25 al-

leged I. W. W. members who were indicted on the charge of criminal syndicalism after the raid on the I. W. W. hall in Portland on the night of Armistice day, November 11.

U. S. Navy at Pre-War Strength. Washington.—Demobilization of the navy from the maximum of 2400 ships operated during the war, including hundreds of vessels from battleships of the fleet line to yachts and anti-submarine craft acquired for the emergency, is now virtually complete, it was announced by the navy department.

No French Nation-Wide Strike Called.

Paris.—May day passed with a series of small riots and disorders in which at least three persons were killed, one of them a woman, and many wounded, but without the declaration of a nation-wide general strike which the union workers expected from the general federation of labor.

Bill Would End War Acts.

Washington.—A bill to terminate all war legislation was introduced by Senator Smith, democrat, Georgia.

Land Commissioner Savidge announces that it has been decided that cascara bark may be sold from state lands, the previous ruling on this point having been changed. Applications for the purchase of the bark will be received in the same manner as for the sale of timber, and the bark will be cruised and offered at public auction. This will probably be done at the July sale of state lands if any applications are received.

The J. W. Harbart ranch of 1375 acres, about four miles east of Walla Walla, was sold at auction to William Howe for \$237,000 or at the rate of about \$175 an acre. The ranch was first sold by parcels and then as a whole. The price by parcels was \$229,800 so the larger bid was accepted.

The cornerstone of the new office building of the state capitol group was laid Friday with ceremonies conducted by the Masonic grand lodge. The building is the second unit of the \$3,000,000 capitol group authorized by the 1919 legislature and will cost approximately \$890,000. The contract calls for its completion by January 1, 1921.

Residents of Vancouver will have an opportunity to learn how to shoot their rifles if they take advantage of an invitation extended by Colonel Koester in command of Vancouver barracks. In a letter to the Vancouver chamber of commerce the colonel offers the use of the government target range in the post and suggests that a rifle club be formed.

Steps are being taken to form an irrigation district for 14,000 acres of land in Klickitat county, in the White Salmon district. With Marvin Chase, state hydraulic engineer, present a meeting will be held at Husum Saturday preparatory to circulating petitions which will be presented to the Klickitat county commissioners at Goldendale on June 7.

A total of 140 miles of rail replacement and the installation of 750,000 yards of road ballasting, involving an expenditure of \$2,500,000, is included in the maintenance program this year of the Chicago, Milwaukee & St. Paul railroad on its system west of Moberly, S. D., according to a statement made by M. A. Nicholson, general manager for the railroad at Seattle.

Plans for combatting radical organizations will be considered at a meeting of delegates in Spokane from American Legion posts of Oregon, Washington, Idaho, Montana and Utah, May 7 and 8. It was announced by F. A. Jeffrey of Kennewick, state commander of the Washington American Legion. Results of the conference, he said, will be submitted to national headquarters of the legion.

Two separate organizations were formed at Spokane by members of the old county triple alliance which disbanded several weeks ago. At a meeting presided over by D. C. Coates, state president of the triple alliance and at which William Short, president of the State Federation of Labor, and J. L. Freeman, state organizer for the Non-Partisan league, were present, a new county organization was formed.

Work has begun on the removal of the equipment and pumps of the Renton coal mines. The workings are to be permanently abandoned and flooded, as the result of an order issued by Manager W. J. Grambs of the operating company. The reasons given by the company are that with an output of 116,000 tons in 1919 there was a total loss of \$126,000, or that every ton mined cost \$1.09 a ton more than the company received for the product.

The Industrial Welfare conference called to consider an adequate minimum wage for women employed in the manufacturing industry failed to reach an agreement after being dead-locked for two days. By a vote of four to five the conference rejected a proposal to establish the minimum weekly wage at \$16.75. Recommendations submitted by the conference on working conditions to be maintained by employers were rejected by the industrial welfare commission.

The state capitol commission has awarded contracts for the construction and equipment of the power and heating plant for the new capitol group. For the general construction, including the walls, tunnels, and 175-foot stack with stone facing, the contract was let to the Western Construction company of Seattle for \$132,330. The contract for the mechanical equipment was awarded to Bergh & Greggs, Tacoma, for \$124,878. The total amount of the contracts is approximately \$30,000 below the architects' estimate.

F. N. Rhodes, state horticultural inspector, has gone to San Francisco to begin a three months' inspection of potato shipments to Seattle. On account of the indications of a reduced potato acreage in the northwest, heavy shipments of California potatoes are expected to begin as soon as the southern crop is ready to move in quantities. Because of the prevalence of the tuber moth in California, one of the most serious of the potato pests, inspection of the shipments will be made at the southern loading points to guard against the possibility of infected stock reaching this state.

A tentative contract providing for the making of the final survey, declaration as to feasibility and the financing of construction was agreed upon by representatives of the Kennewick irrigation project and the state reclamation board. The Kennewick project, which is a part of the Yakima government project, comprises about 35,000 acres, 3000 of which are fully developed. The land has already been classified and the survey practically completed. Provision was made by the board limiting the price on raw land before development to \$50 an acre. This was done to prevent speculation.

**Buttermilk Replaces Brew;
Lumber Men Now Gather in Huts
Of Northern Baptist Denomination**

Baptist "Bar"—Mission Hut, Powers, Ore.

"What'll it be, boys?" is still a popular query in this Baptist Mission Hut in the Oregon timber lands. And the husky lumberman quaffs his fresh buttermilk, or his hot chocolate with undiminished relish. The bar is still running full force and is one of the many features that the Westerner likes about the "hut." He can get anything there from Bibles to buttermilk—movies to missionary tracts—and above all, he gets what is rare in that lonely country—human companionship.

The establishment of more such Mission Huts is part of the Northern Baptist New World Movement program for which a \$100,000,000 budget will be sought during the week of April 25 to May 2.

For The Week Beginning May 5th We Announce A Factory Demonstration

of the UNIVERSAL COMBINATION RANGE UNIVERSAL PIPELESS FURNACE

Featuring two of the most efficient and practical of modern household appliances that modern ingenuity has devised.

A demonstration of interest to every home concerning its comfort and economic administration.

The Universal Combination Range

Burns wood, coal and gas. All of these fuels at one time, any two or the one you elect.

Wood or coal when you need fire for baking or want plenty of hot water.

Gas when fire is needed for but a brief period.

A cool kitchen in the summer and a warm kitchen in the winter.

No parts to change.

The change from one fuel to the other is made by a twist of the wrist.

The Universal Pipeless Furnace

Will heat your entire home, upstairs and down, from one register, without the use of a single pipe to carry the heat, and at a saving of fully one third the fuel you would use to keep the home comfortable by any other method.

Let us show you the Universal appliances. Show you why and how they may be installed in your home to your advantage. Figure with us and learn how you may save time, labor and fuel with these appliances. Learn how you may arrange to finance their purchase.

ON YOUR OWN TERMS—IN REASON.

PEACE RESOLUTION REPORTED IN SENATE

Substitute For House Proposal Would Repeal War Resolutions.

Washington.—A joint resolution proposing repeal of resolutions by congress declaring a state of war with Germany and Austria-Hungary was reported out by the senate foreign relations committee by a strict party vote.

The resolution was introduced by Senator Knox, republican, Pennsylvania, as a substitute for the republican resolution recently passed by the house. Leaders of both parties predicted several weeks of discussion with little prospect for action until near the time set for a recess for national conventions.

Straight-out repeal of the war resolutions is the principal object of the Knox substitute, which would request the president to establish friendly diplomatic and commercial relations with Germany and with "the governments and peoples of Austria and Hungary." Like the house resolution, it would reserve all American rights under the treaty of Versailles and provide for repeal of war legislation and for war powers of the president. It would hold German property until all American war claims were satisfied, but does not include the house provision for acceptance of the resolution's terms by Germany within 45 days under penalty of a commercial embargo.

GASOLINE SHORTAGE IN SUMMER PREDICTED

Washington.—Warning of the probability of an actual shortage of gasoline before the end of next summer, as a result of the disproportionate increase in gasoline production to the number of automobiles in use, was given in a statement issued by the bureau of mines. While an increase in stocks at the end of February of more than 100,000,000 gallons or 20 per cent, as compared with a year ago, shows that the situation is not yet acute, it is probable, the statement said, that before the "summer season is over it will become tight if indeed it does not become short."

Heavy drafts were made in March on the reserve stocks of crude petroleum notwithstanding a 20 per cent increase in production, according to a report by the United States geological survey.

The total increase in output of the United States in March as compared with March, 1919, was 6,000,000 barrels, but the increased consumption made necessary the importation of 6,500,000 barrels from Mexico. An additional 1,000,000 barrels was drawn from the reserves to meet the demand.

FIFTY KILLED BY STORM

Rescuers Take 37 Bodies of Dead From Wrecked Houses.

Muskogee, Okla.—Fifty persons are reported killed and more than 150 injured in a storm that is said to have destroyed the little town of Peggs, Okla., Cherokee county.

Thirty-seven bodies have been recovered by rescuers from wrecked houses, according to a telephone report from Tahlequah. This information was brought from Peggs by the first man to arrive from there.

Twenty of these bodies are reported to have been taken from one building.

Senate Passes Budget Bill.

Washington.—Senator McCormick's bill to establish a national budget system was passed by the senate and now goes to conference. Under the senate plan, the budget bureau would be under the supervision of the secretary of the treasury, while the bill recently passed by the house places it directly under the president.

Hundreds Join in Chicago Rent Strike.

Chicago.—Although there were many eleventh hour agreements reported between landlords and tenants and thousands of persons moved, hundreds of persons went on a "rent strike" May 4, refusing to vacate apartments, according to leaders in the movement against high rentals.

Poles Rout Russians.

London.—Continuing their smashing offensive northward, Polish troops under General Pilsudski have broken the Russian lines over a wide front and captured 10,000 prisoners and hundreds of guns, according to a Central News dispatch from Berlin.

Mothers' Day Flowers Expensive.

Washington.—Because of high prices of flowers founders of Mothers' day, Sunday, May 9, have asked all who observe it to dispense with the customary white carnations and display American flags instead on May 8 and 9.

JOSEPH C. GREW

Joseph C. Grew, who has been named United States minister to Denmark.

POINDEXTER REQUESTS WITHDRAWAL OF NAME

Portland, Ore.—Unable to make a personal visit to the state and anticipating but a small vote at the primaries unless a personal canvass is made, Senator Miles Poindexter withdrew from the republican presidential race in this state. The request for withdrawal, properly prepared and sworn to, was mailed to the secretary of state by J. C. Herberman, campaign manager for the Washington senator, after Mr. Herberman had conferred over the long distance telephone with Senator Poindexter in Tacoma. As a result of the withdrawal Senator Poindexter's name will not appear on the Oregon ballots. Mr. Herberman said, and he will receive no votes in the contest here except those that may be written in by his adherents.

Salem, Or.—Although confident in his own mind that a candidate for president of the United States who files for nomination in Oregon at his personal request may withdraw his name from the contest at any time prior to the primary election, Sam A. Koser, assistant secretary of state, announced that he had decided to refer to Attorney-General Brown the affidavit of withdrawal submitted by Miles Poindexter of Washington, together with a request for a written opinion as to whether such withdrawal would be legal and proper under the Oregon statutes.

BRIEF GENERAL NEWS

A bill designed to prevent speculation in sugar was introduced by Representative Howard, democrat, Oklahoma.

Federal agents seized 96,500 pounds of sugar, stored in two Omaha warehouses, belonging to seven grocery firms, and alleged to be hoarded.

Five persons were killed and 12 injured when two passenger trains on the Chicago & Northwestern railroad met in a head-on collision near Lambert, Minn.

Nine bills, including five of the annual appropriation measures, now are in conference between the senate and house, setting what some officials say is a record.

Increased Pullman rates amounting to 20 per cent went into effect May 1.

A gift of \$2,000,000 to the Northern Baptist conference by John D. Rockefeller, Jr., has been announced.

Reports from federal reserve agents throughout the country showed a marked tendency of prices to resume their upward movement, the federal reserve board reported in its summary of business conditions for April.

Munsey Advocates Cut in Papers' Size.

Washington.—Government restrictions on consumption of news print paper were urged before a senate investigating committee by Frank A. Munsey of New York, publisher of five daily newspapers and three magazines.

Shoemaker Lived to 126 Years.

Lincoln, Neb.—Thomas Morris, Nebraska's oldest resident, is dead at Westerville, Neb., at the age of 126 years. Up to a few years ago he had actively plied his trade as a shoemaker.

Kiev Captured From Reds.

Warsaw.—Polish forces have occupied Kiev, according to extra editions of the newspapers here. General Pilsudski, president of the Polish state led the troops into the city.

Immense Still Seized.

Peoria, Ill.—Federal prohibition of beers seized 11,000 gallons of mash to be used for making whisky on a farm near here. It is claimed this is the largest still seized in the country.

Rev. R. G. Williams has resigned the pastorate of the Presbyterian church, the resignation to take effect at the end of this month. Rev. Williams has had charge of this church for one year, and during that time has done a good work in the community, which is much appreciated by those outside as well as members of his congregation. His efforts in behalf of the Sunday School at Center have been met with good support and a lively interest in things pertaining to the spiritual life.

He expects to remain on the Island, at least until fall, during which time he will engage in secular occupation so as to physically recuperate for a return to the pastorate later.

C. P. Garvin of Seattle spent the week end with the Garvin and Steffenson families.

CHURCH ANNOUNCEMENTS

Presbyterian
 Sunday school next Sunday at 10:00 a. m.
 Preaching at 11:00 a. m.
 Christian Endeavor meeting at 7:00 p. m.
 "The Fool" will be the subject of a series of sermons for the next three Sundays. The first will be "The Materialistic Fool." The second will be "The Atheistic Fool," and the third will be "A Self-confessed Fool." It is hoped that as many as possible will attend the three services, as to get the connection of these three discourses.

R. G. Williams, Minister.

Center Services
 For the present the Sunday school only is held at Center. After this month it is probable that much more time will be given to this place, and preaching will again be a regular Sabbath service. It is noticed that there is a falling off of attendance since preaching has been omitted. This ought not to be. The Sunday school service is the most important service of the church. Parents do their community as well as their families a great injustice to neglect the Sunday school institution. Let all rally again next Sunday. School takes up at three o'clock.

R. G. Williams in charge.

Methodist

Junior Epworth League
 This new department started last Sabbath evening, a fine company of children were present. Again all are invited to this service.

Epworth League
 Mrs. Lewis Beall, Jr. has kindly consented to lead the League this Sunday. Bring your friends and fill the house.

New Members
 Three united last Sunday evening, and we hereby again extend to Mr. and Mrs. Fred Smith and son Harvey a cordial welcome. We join with the Markhams in this hour of their sorrow. Our church realizes that another saint has been called from the ranks. E. H. Gebert, Minister.

OBITUARY

Miss Mary Jane Brownlee was born in New Washington, Indiana, February 7, 1840. She moved with her parents to Kansas Territory in 1858. Her father, Rev. James Brownlee, having been appointed superintendent of Presbyterian missions of that territory.

She was married to John S. Markham at Auburn, Kansas, on April 7, 1859. They moved to Oregon in 1875, and to Vashon Island in 1883.

Mrs. Markham was the mother of thirteen children, five of whom preceded her to the "Many Mansions."

She passed to eternal rest at 3:00 o'clock the morning of April 29, 1920.

She was converted and united with the church at twelve years of age.

She leaves her aged husband, one brother in Oklahoma, eight children, ten grandchildren and three great grand children. Five of the eight children were present at the funeral. The services, in charge of Rev. E. H. Gebert, were held in the Vashon M. E. church, on Saturday afternoon, May 1. Interment was in Vashon cemetery.

CARD OF THANKS

We desire to thank our friends and neighbors for their kind sympathy and untiring helpfulness during the long illness of our wife and mother. Also for the beautiful floral tributes. And we shall ever remember the singers, who aided so much at the funeral services.

J. S. Markham and Family.

Another Eclipse this Year!

An Eclipse of the Sun is a rare and unusual event, to witness which Astronomers are willing to travel thousands of miles and undergo the greatest hardships.

But the Men and Boys of Seattle can witness an event of great importance to themselves by visiting this great Upstairs Clothes Shop any day in the week.

And far from costing anything to get in on this big event, they will positively save actual cash. In fact it is only because they DO save money that they are convinced that the Eclipse is a reality.

For years we have told you that "UPSTAIRS SAVES YOU MONEY," but this convenient phrase is only part of the story of our economical methods. Low upstairs rental is a big factor in the difference of our prices, but other important points are the tremendous buying power made possible by a huge turnover, inexpensive fixtures, low margin of profit, and scientific economical methods in every department of our great business.

Such an array of stylish, dependable Suits and Overcoats as is not to be seen elsewhere in the whole Northwest makes a satisfactory choice certain, and next time you are ready to choose either for yourself or the Boy we urgently invite you to make a personal observation of how we Eclipse the high costs which you have so little desire to pay.

Men's Suits and Overcoats

Missionaries Have Hard Fight

Fighting "flu" in India, where sanitation is age-old and sanitation is unknown, was a terrific battle, Baptist medical missionaries report. However, during 1918-1919 their work was recognized to have helped decrease the number of deaths. The Indian method of treatment is to keep the patient awake.

WOOD PARDONS DESERTER

Recognizes Mitigating Circumstances Which Led Him to Leave Bunkies to Race With Stork.

Omaha, April.—Private Lester L. Duncan, a Nebraska boy, deserted the army in San Francisco when a telegram reached him announcing a prospective addition to his family.

He returned to Omaha to find the baby in his home. After he had earned enough to keep his wife and child in comfort for several months, he gave himself up at Fort Omaha.

As a prisoner he did his tasks cheerfully, feeling that he had done his duty as a man, if not as a soldier. In February a court-martial recommended clemency. The announcement of the decree of the Central Department came direct from General Wood. It was a full pardon because of mitigating circumstances.

NEBRASKA LEGION FOR WOOD

Omaha, Neb., April.—Leonard Wood will receive 75 per cent of the vote of the American Legion members in Nebraska, according to reports received here. At Tokamah, Neb., a poll was taken and Wood received 60 votes, Hoover 16, Hitchcock 11, Pershing 10, Edwards 4, Johnson 2, Lowden 2, Lansing 1 and Wilson 1. At Fairbury the officers of the post had difficulty in keeping members from passing a resolution indorsing Wood for the presidency.

KNOWS WHO KEPT HIM HOME

Calro, Ill., April.—While Gen. Leonard Wood was speaking from his train at Jerseyville, Ill., one of his hearers asked: "Who kept us out of war?"

"I can't answer that question," General Wood said, "but I know who kept ME out of the war."

LISABEULA

Miss Hattie Hofmeister was an over Sunday visitor at the home place.

Mrs. H. Steinforth visited a sister on Mercer Island several days last week.

Mrs. Peter Larson and James Larson have gone to South Dakota on business.

Mr. and Mrs. Frank Lorange are out from Seattle for a visit with his parents.

Mr. Gordon, of Montevideo, Minn., president of the Chippewa

Milling Co., was a guest at the Webber home last week.

A baby daughter came to gladden the home of Mr. and Mrs. Finn Shattuck on Tuesday, April 27th.

Mr. Wm. Hiersch has gone in for protection. He has secured a large bulldog from Canada to guard the premises.

Mrs. Laura Ford died last week in Okmulgee, Okla. She was a former resident of Lisabeula, and mother of Mrs. Bateson.

Mr. Tasher, our merchant, has just received word that his brother had died in a hospital in San Diego, Cal. Mr. Tasher visited here last winter.

Mr. and Mrs. King's youngest son, a city fireman, visited the home place last Sunday. He was accompanied by his wife and two sisters, all of Seattle. The date was Mr. King's 25th birthday, which was properly celebrated.

Mr. C. Howard was a Tacoma visitor on Saturday. He met Mr. E. Evans, formerly of Lisabeula, who volunteered the information that Island people may expect a lot of visitors from Tacoma as soon as the ferry goes into commission. The more the merrier, say we all!

Mrs. Lydia Bullard, wife of Chas. Bullard, died on Saturday evening, May 1, at the age of 63. A hemorrhage, due to a tumorous condition of the stomach, was the immediate cause of death. Mrs. Bullard leaves a husband and three children to mourn her loss: one daughter in Illinois and one in South Dakota, and a son at McCleary, Wash. Funeral services, conducted by Rev. Gebert of Vashon, were held on Monday. Interment was in Vashon cemetery.

Mrs. Oliva Stevenson, a former resident of Lisabeula, died at her home at Alderton on Tuesday of last week. There were present at the time of her death, her son-in-law, Homer S. Mohr, her daughter Eva, her son John and a granddaughter, Olive Swyaze. Mrs. Stevenson was the widow of the late Francis Stevenson of Dunville, Ont. She was the daughter of Samuel Street, who was the owner of large estates near St. Catherine, Ont., and her mother before her marriage was Miss Margaret Uhlman of the "House of Uhlman" of Bavaria. The funeral services were conducted by Dean Cunningham of the College of Puget Sound, on Friday, at 2:30 p. m., at Sumner.

Don't miss the movies this Friday evening at Y. M. C. A. hall.
