

VASHON ISLAND NEWS-RECORD

VOLUME IV.

VASHON, KING COUNTY, WASHINGTON, THURSDAY, APRIL 22, 1920.

NUMBER 27.

BURTON

Mrs. Caroline Lever was the week end guest of her daughter, Mrs. L. L. Grandy, at Bremerton.

Cards have been received from Mr. and Mrs. Norman D. Doyle (nee Luella Brown) announcing the arrival of a daughter, April 14th, at their home in Berkeley, California.

Mr. and Mrs. Harry Keating had a delightful visit with the Beutels in Tacoma on Sunday, and with them took an auto trip out from Olympia to visit Mr. Keating's cousin, returning on Monday.

Mr. and Mrs. C. O. Pointer leave Seattle next Tuesday on the steamer Jefferson, for Tyee, Alaska, where Mr. Pointer will do some repair work at the cannery there. The Greens and others from Burton expect to leave for the same place, about June 1st.

Mrs. Geo. Mauck has purchased the Fanson property, house and lot, adjoining her home place, and with Geo. Mauck as first-class carpenter, some needed improvements will be made, and a beautiful residence property will soon be a feature of that part of Burton.

Mr. Louis Fretz had his left foot jammed in some machinery at the Dockton Shipyard on Wednesday. At the time it looked like a serious accident, but Dr. Ireland applied treatments used on wounded soldiers during the war, and Louis is himself again, and in a few days will be back at work.

There is a "news box" in front of the post office store to receive any news items that may be dropped in for publicity in the News-Record. Will our friends be kind enough to bear this in mind and assist the local correspondent in making interesting and newsy reading for the Island and for the folks who have moved away who receive the home paper.

The Vashon Island Woman's Club met at the home of Mrs. Prichard on Tuesday afternoon. An interesting paper on "Prison Reform" was read by Mrs. J. A. Lindstrum. The last meeting of the year will be held on May 4th, at the home of Mrs. Chas. Steinmetz, where a fellowship luncheon will be given.

Little Margaret Stone had her hand badly crushed last week while playing with her brother at the home of Mrs. Stone's aunt, Mrs. Allison, at Center. Elton was turning the washing machine in the wash room to see how it worked, and little Margaret put her hand too close to the cogs, resulting in badly torn fingers. Fortunately, no bones were broken.

Mrs. C. H. Foster, who recently returned from China, and has been visiting at the home of Mr. and Mrs. W. G. Parkes, where numerous old friends called to see her, and at McMinnville, Oregon, left on Friday for the East to be with her children, Frank, Helen and Grace. Mrs. Foster still retains her home in Burton, and it is earnestly hoped they may be back as permanent residents.

Now that the storms are about over, will the good citizens of Burton see that our flag floats at the top of the mast again? Who will climb the pole and fix the ropes so the flag can be raised and lowered? And can we not get together and repair our sidewalks so it will be safe walking for those who live here as well as for the strangers within our gates? If a public meeting was called, how many would respond and agree to give part of a day's work? One party has offered to furnish lunch for the men who will work. What will the town do about it?

Mrs. B. P. Nelson returned Thursday from Tacoma and Fern Hill, where she had been visiting for several days. B. P. had warned her that Thursday must be the limit of her stay or there would be another housekeeper when she returned, which threat, of course, brought her home right on time.

BURTON AUTO SERVICE

Go anywhere, any time. Phone Red 1091.

The Athletic Club, which was organized in Burton a short time ago now holds its meetings twice a week, Tuesday and Friday nights in the "Old College Gym". It was voted by members to call the organization the Vashon Athletic Club, also to extend a hearty invitation to everybody on the Island who is interested, to join.

After all business is attended to, the evenings are spent in wrestling and boxing. There are a number of good mitt artists in the bunch but seeing is believing, so everybody turn out and see for themselves.

Baseball is the main attraction now. The candidates for the team have showed their wisdom already by their choice of captain, Mr. Ray Miner, well known all over the Island, was chosen unanimously for the position.

A game will be played Sunday, April 25th, at two o'clock, on the old Center grounds with Des Moines. This will be the first game of the season but with the present enthusiasm the game should be full of pep and good throut.

Saturday night, April 24th, the Club will give a dance at Swanson's Pavilion, Burton. Good music and a general good time will feature the evening.

COVE

Mr. E. O. Rindal has been in Seattle to visit Bert Fjeldal.

Mr. Axel Petersen and bride have been compelled to suffer like

Mr. and Mrs. Bert Moore have been in Seattle on a combined shopping and business trip.

Mrs. Way, of Seattle, an old friend, took Sunday dinner with Mrs. Frank Sigrist.

Mrs. W. V. Crozier can find a spare moment now to do some shopping in the city—hatching season is over.

Mr. A. H. Johnson has been passing around some nice samples of a porker he recently butchered. His neighbors appreciate his kindness.

Mrs. H. O. Thomason spent the week end in Seattle visiting with her son Burdette and family, and took in the lecture by Sir Oliver Lodge.

Mr. and Mrs. Zene Whittemore were out at the old ranch on Sunday to see how her father, Mr. Joe Ransbeck, was getting on. They motored over from Seattle.

Mrs. G. H. Guy and three young lady friends from Seattle called on Mrs. Dr. Stockley one day last week. The ladies were on a "hiking" trip.

Mr. W. V. Crozier received a letter from Mr. W. G. Doyle stating that he reached California safely and in good health. Doesn't seem to enjoy the climate—rainy and rivers flood high.

Saw S. M. Maybee moping along with his white horse. Looked rather forlorn. No wonder; his good wife has been in Seattle caring for some sick friends (she used to be a trained nurse) the past two weeks. "Altogether too long," he says.

Mr. and Mrs. Frank Elden have left our community for a time. Mr. Elden has gone to work for the O. W. B. & N. Ry. in the freight department. Sorry to lose these young folks. The old people have moved back to the ranch from the Statelen place.

Dr. Stockley has just purchased 100 young cockerels, trapped, of the Oregon Experiment Station stock. Will use them for breeding purposes next season. The doctor believes in having the best. He got them through Mr. G. H. Park.

Met Mrs. Fred Fox on the boat the other day going to the city to consult a physician, as she has not fully recovered from an attack of the flu. She reported that her son Arthur is in Alaska.

A. L. Hotchkiss is having a nice

SOUTH END FERRY OPENING POSTPONED

Saturday, May 15th, Is Date Decided Upon

SOME WORK TO BE DONE ON TERMINAL IS REASON FOR DELAY

cement floor put down in his brooder house and feed shed over the board flooring. To hold the cement he has nailed some wire chicken fencing down. Quite a novel scheme. Mr. Patten is the engineer on the job.

Mrs. S. J. Delaney has so much recovered as to make the journey back home to Albany, Ore. Left us a week ago. Mrs. D. Dunn, her daughter, went with her. Mrs. D. has just returned. Reports a very pleasant trip—not held up, even if the railroad men were on a strike. You should see the broad smile on Mr. D.'s face nowadays. This "baehing" business doesn't go well with him.

Mrs. O. E. Ramquist passed another milestone on life's journey a week ago. Quite a number of her neighbors gathered at her spacious home to help her celebrate the occasion. A delightful evening was spent, and at parting the friends wished her many happy returns of the day.

O. E. Ramquist has given up his work on the Virginia IV. Says he had to get to work on the ranch to get something to eat. Funny. To look at him one would think he was starving to death.

Mr. R. Pearson has just received a letter from his daughter, Mrs. Orman of Bethel, Alaska, informing him that she and her husband are making ready to "hit the trail" for 75 miles to Mr. Orman's gold mine.

The writer was dumbfounded the other day while at a neighbor's home. We were presented with a whole hen—hen! and without cost. For a moment we were speechless. The way our heart throbbed—a threshing machine wasn't in it. You should see the

way the hoe flew that day when we thought of our chicken dinner!

Columbia school base ball team is highly elated over their victory in the game with the Vashon Grammar school last Friday, the score being 9-6 in favor of Columbia.

Mrs. S. Huffman entertained the Columbia school teachers, Principal and Mrs. Smith and the Misses Olson and Ross, at an afternoon dinner. A pleasant evening with music and a social good time was enjoyed after the feast of good things.

Mr. Gust Mulvik has most of those giant fir trees in Beulah park sawed up. It's a sight to see those immense cuts marshalled like battalions of soldiers—cuts to the right of you, cuts to the left of you—some nine feet in diameter, and 96 cuts in one tree alone. Some saw!

the rest of our newly married people. A jolly crowd gathered in a charivari last week. They were treated royally; invited in, filling the house; were feasted to candy, cakes, oranges, and cigars for the gentlemen. (You wouldn't think the ladies would take any) "Yes," one lady said. They were none of those cheap brands, either.

STRUCK BY HEAVY TIMBER

It is with much sorrow we chronicle the sad accident that befell Mr. Bert Fjeldal. A heavy piece of timber that was being loaded on a vessel slipped from its fastenings and struck the side of the boat, and glancing caught Mr. F. on the head, knocking him senseless. Then in falling the timber struck him again, nearly breaking his back. That he is alive seems almost a miracle. Mrs. Fjeldal reports he is improving; can move

his limbs a little. But he has the prospect of many weary months in bed.

Cove is a good place to live.

A large acreage of loganberries is being planted in this vicinity.

Our neighbor, Mr. Osmer Johnson, has been grubbing, plowing and setting out raspberries and strawberries. Looks fine, Osmer.

Mr. Holland is unfortunate in being sick at a time when spring work is crowding. We trust he will recover soon.

A former resident, Mr. A. T. Anderson of Kearney, Neb., writes to O. E. Ramquist that he often thinks of beautiful Vashon Island. We would welcome you back, A.T.

Mr. Conrad Anderson is sure a busy man—his work shows it, too. He is clearing land, plowing, and building a fine house, which is a credit to the community. Mr. Anderson will remain at home this summer.

Mr. and Mrs. Goodchild of Seattle were visitors on the Island last Sunday. They called at the Matheson home, and strolled to Mr. and Mrs. Hoffman's, where they enjoyed a good dinner. They also called at Highland Springs on their way to the afternoon boat. Glad to see them.

Recently, Mrs. W. M. Goodchild of Seattle entertained with a delightful luncheon a few friends from the Island, Mrs. T. Collings, Mrs. F. Siegrist, Mrs. Hoffman and Mrs. Ramquist. Mrs. Goodchild is a fine entertainer and the ladies enjoyed the visit very much.

There has been one round of birthday anniversary surprises in and around Cove. A number of friends surprised Mrs. Hoffman. Then Mrs. Hoffman gave a party to our congenial schoolma'am, Miss Ross. Another surprise was sprung on Mrs. O. E. Ramquist. And finally Mr. and Mrs. Cherry surprised Prof. Smith of the Columbia school. A number of friends were present; games were played and refreshments served. All had a good time.

MOVIE NOTES

It was evident from the attendance at last Friday night's show that Marguerite Clark is as popular as ever with movie fans.

When the "Miracle Man" arrives on the 14th and 15th of May we will see one of the greatest plays ever filmed.

Handsome Charlie Ray is billed for the coming week as "Bill Henry." Don't miss it.

Additional seats will be placed in the movie theater this week, so that gone will need to stand. But, remember, the show will start promptly at 8:00 o'clock.

Next week the show will be given on Thursday, April 29th, so as not to conflict with the high school play on Friday and Saturday evenings.

Watch next week's paper for news of the coming play, "The Miracle Man." Tickets are on sale now. Buy early, as the house will be packed both evenings.

Twenty-two men and fourteen women graduated from the various colleges of the University of Washington at the end of the winter quarter, according to a list made public by the recorder's office. The colleges of liberal arts and engineering contributed the largest number of graduates, seven obtaining bachelor of arts degrees and seven degrees in the various branches of engineering.

L. D. Houghton, prompt auto service. Day or night. Phone Black 1122. 27

Tacoma's Exclusive Boys' Suit Shop is located at 607 Fidelity Building. There is where the money is saved. Special features: Double Seat and Kneets in every Suit, making them last twice as long. 12

For a business education investigate Success Business School, Seattle, Wash.

Don't miss the movies this Friday evening at Y. M. C. A. hall.

Expert sawfiling at Rendall's.

DOCKTON

May 20th is the date set for the launching of Ship No. 3.

The C. P. S. Quartette will furnish special music this Sunday evening.

The S. S. Simpson is undergoing extensive repairs at Mr. Stuckey's ways.

Mr. Talbot, who is at St. Joseph's hospital, is slightly improved at this writing.

Mr. and Mrs. Bugonovich are the proud parents of a daughter, born on Monday, April 12th.

Mr. Horace Keen has bought 2 acres of land from Mr. J. Cusulich. He is planning to build next fall.

Mrs. W. Willers entertained six little boys and girls at her home last Saturday, the 17th, in honor of Baby Louise's second birthday.

Mrs. J. Martinovich has received word from her son Antonio that he has joined the navy in San Francisco and has signed for three years in the electrical engineer's training department.

Mr. and Mrs. Keen and sister, Mrs. Oscar Olsen, visited their parents, Mr. and Mrs. Merritt, at Larchmont, on Saturday.

Mrs. Hay will leave for Oregon this week, where she will make her home with her son John. She has been a resident of Dockton for the past seven years and has made many friends here.

The "red" side in the recent Sunday school contest proved themselves to be good losers, judging by their hospitality to the "blues" on Saturday afternoon in the school-house.

A COSTLY BLAZE

The shops and office at the Dockton shipyard were burned to the ground on Tuesday morning. The fire was discovered in the blacksmith shop by the watchman, who gave the alarm, and soon all the men were out and doing heroic work. They succeeded in saving the nearby residences of K. Andersen, F. Harrison and Mr. Lund, also most of the valuables in the office. Many of the employees lost expensive tools, one man valued his outfit at \$600. We understand that the building loss was covered by insurance.

APPRECIATE PATRONAGE

Having sold our business to the McLean Mercantile Company, we desire to thank our friends for the liberal patronage given us during the past year, and trust the new firm will receive the loyal support of all, which they deserve. Again thanking you, we remain Sincerely, Portage, Wash. The Marshs.

SPECIAL ELECTION

Pursuant to instructions from Supt. Burrows, a special election will be held at Center school on Saturday, May 1, from 7:00 to 9:00 p. m., to consider the question of consolidating Center district with Burton. All interested are urged to be present.

By Order of School Board.

EXPRESSES THANKS

I take this means to express my heartfelt gratitude to all the good friends who stood by myself and family during my long siege of sickness the past winter.

L. D. Houghton.

The boys and girls of Columbia county are going to demonstrate the possibility of raising strawberries. The only boys' and girls' strawberry club in the state has been organized in the vicinity of Dayton, to prove to the people of Columbia county that strawberries are a possibility. Each of the forty members have agreed to take at least 250 plants and care for them for a period of three years, which covers the best productive time of the berry. This will mean the setting out of more than 10,000 plants, and will demonstrate whether or not the delicious berry is entitled to a place among the wheat fields of that section.

NEW FURNISHINGS TO DRESS THE HOME FOR SUMMER

For those planning to freshen up the settings of their home for the coming season, a visit to our Fourth and Fifth Floors will be of special interest.

It will be our pleasure to assist you in carrying out your plans, and suggestions will be cheerfully given by our corps of home decorators.

cribed in a booklet recently issued by the General Land Office.

At the Republican county convention held in Seattle last Saturday the following from the islands were elected delegates to the state convention at Bellingham: A. D. Cowan, Frank Kingsbury, F. Bedford, alternate.

Cardinal Gibbons has heard the "muttering of discontent" coming from the liquor camp and is frightened, says the American Issue. He doesn't like the sound of those "mutterings," and so he would have them cease. How? Simple enough. A law has been written into the Constitution of the United States which doesn't please these people from whom the "mutterings" are coming—it interferes with their business of making criminals and paupers and delinquents and their pastime of wrecking homes. So Cardinal Gibbons advocates non-enforcement of the law. Oh, enforce it a little bit, he says, perhaps enough to maintain the spirit of the Prohibition amendment. But please don't offend the brewers. Isn't it wonderful?

Exra Meeker of Puyallup, the oldest pioneer in the state, is a candidate for delegate to the National Republican Convention to be held in Chicago. Mr. Meeker was a delegate to the first Republican convention held in the territory and is entitled to some consideration at the hands of the faithful when they convene at Bellingham on the 27th of this month.

COVE COMMENTS

The federal government has seemingly just discovered what we producers have been painfully aware of since we individually made a start to grow or produce food so that everybody may live. The federal trade commission in its report on the marketing of food finds that the cost of distribution is far too high, and that elimination of unnecessary costs and losses would help greatly to reduce the cost of living. Of course it would, but it is a safe bet that the government, municipal, state or federal, will not do the obvious things, to wit: act as the middle man between producer and consumer. The report sets forth the growing feeling that not only consumers but producers are waking up to the desirability of improved marketing facilities to bring the producer and the consumer together. Well, a public market, is all right for those who can use it, but it does not help the consumer very much, and does not help the producer, who must ship his produce at all.

We have noticed how the price of everything, perhaps except apples and a few items, has dropped since the government agencies started in after the profiteers. See how cheap sugar is getting, and shoes, and—oh, well, all the other things, including the paper that this is written on. Verily the government is a howling success when it comes to swatting the profiteer and bringing down the high cost of living.

The latest fashion in ladies' dresses is a humdinger. Nothing less than an abbreviated hoop skirt around the hips—all same lamp-shade effect. So now the ladies can beat the profiteers on that item by donning the parlor lamp-shade—you know, the kind that drapes a high pedestal lamp. It will serve two purposes, by decorating the human pedestal by day and the other by night. Shades of grandma and bygone days! Can you beat it?

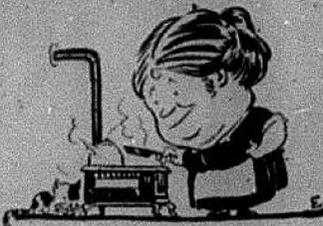

Received a neat little card from Guernsey with the following legend:

Catherine Westley Newton with Mr. and Mrs. B. C. DeGuerny's Compliments
The Lodge St. Martin's Guernsey
March 21, 1920

Which being interpreted signifies that Basil is married. The lady is Dr. Newton's daughter, of Victoria, B. C., where Basil was visiting before going to the big light in Europe. He lost his heart, but he gained a charming life partner. Should not be surprised to see them back in Victoria later on. Congratulations Basil and bride.

Cans and Can'ts

Can you can? Surely! Will you can? You will when you find out how easily you can can. Where can you learn to can? Why, in

The COUNTRY GENTLEMAN

There are no can'ts in cold-pack canning—the new easy way of preserving fruits and vegetables for winter use. And there are no excuses for the housewife who doesn't begin canning with the first fruits of the season.

The COUNTRY GENTLEMAN is starting its great series of how-to-can articles in next week's issue—early canners will be ready for the early strawberries, and so that directions will be in every woman's hands before its top late. "Cans such Can'ts for Canning" is one reason for subscribing now for the Great National Farm weekly. There are dozens of other reasons why you need its helpful, friendly farm suggestions for both farmer and farm wife. It costs only \$1.00 for a whole year—yet it may save you \$100. Let me send your order today!

Testing seed is taking out crop insurance.

DO NOT OVERCROWD POULTRY

Few Hens in Small Yard Do Better Than Larger Number in Same Space—Room for Each.

Better results will be obtained from a few hens in a small yard than from a larger number in the same yard. The backyard poultry flock rarely will consist of more than 20 to 25 hens, and in many cases only a half-dozen hens are kept. For a flock of 20 to 25 hens a space of not less than 25 by 30 feet is required. From 20 to 30 square feet per hen should usually be allowed.

LARGE BREEDS GROW SLOWLY

Brahmas and Cochins Are Profitable Where There is Demand for Heavy Fowls.

The biggest breeds of poultry, like Brahmas and Cochins, grow more slowly than the medium-sized breeds and therefore are not ready for market so soon, but they weigh more and are profitable where the market demands a large-sized fowl.

NEEDED EXERCISE BY FOWLS

Hens Can Be Kept Busy by Scattering Grain in Litter on Dry and Clean Floor.

Be sure that the floor of the hen house is dry and reasonably clean and covered with three or four inches of clean litter in which grain can be scattered so that the fowls can obtain exercise scratching for it.

They say--

That the shoe question is being widely discussed at this time all over this country:

Charges of profiteering is being hurled at the tanner, against the manufacturer and in some cases against the retailer:

The manufacturer no doubt sets a price high enough to meet any probable advance in material or labor that may come from season to season and it looks very much as though the tanners are forcing the prices of leather to the highest point possible and until a law is enacted with teeth in it—the ones who are largely to blame will continue to do as they are doing.

We have no defence to offer as retailers; the volume of business we do is a daily proof that our prices are just and fair:

We'll always show you standard products at prices that cover our cost of doing business and interest on our money invested.

Dickson Bros. Co.

WASHINGTON STATE NEWS OF INTEREST

Important Occurrences of Past Week Briefly Compiled for Our Readers.

Ten cent fares are in effect at Walla Walla.

Washington Pythians will hold their thirty-seventh grand lodge session at Seattle, May 18.

The Colville Chamber of Commerce has recommended concrete paving of eight blocks in the city.

The water rights of Wenatchee in the Squillehuck and Stemitt creeks have been sold for \$33,000.

Civic improvements totaling about \$30,000 have been ordered by resolution of the Newport town council.

Receipts from tolls over the Northern Pacific bridge are netting the city of Aberdeen a substantial sum.

Plans are being discussed for the establishment of a dehydrating plant in Spokane county to handle cull apples.

A heavy rain is reported from all over the Inland Empire. At Spokane and vicinity it was .22 of an inch in 24 hours.

The first full carload of rhubarb has left Walla Walla for the coast. This is eight days later than the first shipment in 1919.

Posses with bloodhounds are searching the hills near Black Diamond for George Rasovich, accused of the murder of Pete Chelovich.

Preliminary details have been arranged for the 1920 session of the Centralia state normal school, which will open in June for nine weeks.

Not to be outdone by high school boys who have adopted overalls as standard raiment, Tacoma high school girls will don gingham gowns.

At a special election of the Grange highway district it was voted to issue road bonds to the amount of \$100,000, by a vote of 58 to 29.

The Elma McClary stage, carrying high school students, ran off the bridge near Mohr's prairie. Two young ladies were more or less injured.

Pine City reports that the warm weather is putting the grain crop in more favorable condition, and progress in spring seeding is well advanced.

An increase of \$350 to \$550 a teacher is assured the Chehalis teaching force for the coming year, according to a schedule adopted by the local board.

Walla Walla restaurant men signed an agreement to remove potatoes from bills of fare and to keep them off the menu until they drop to \$5 a hundred.

Pullman and the state college are to have a co-operative grange store in the near future, following action taken at a recent meeting of the state college grange.

School teachers and supervisors of Tacoma have been granted a wage increase of \$420 a year. The new wage schedule will go into effect in September.

The annual session of the Washington conference of the Free Methodist church will be held at Centralia from April 21 to 25, with about 175 delegates in attendance.

William Howard Taft will address the students of the state college and the townspeople of Pullman in the state college auditorium on the evening of Friday, May 21.

In a speech before the Grays Harbor rearing men Herbert Cuthbert predicted that tourists will spend between \$50,000,000 and \$60,000,000 in the Pacific Northwest this year.

Manuel A. Cardinale, Samuel King and Ernest Watson, three alleged radicals, who were held for deportation, mysteriously escaped from the immigration jail at Seattle.

The Seattle city chemist is working out a set of gasoline standards which the corporation counsel will incorporate in a city ordinance to regulate the quality of gasoline sold in Seattle.

Rain and cold weather are doing much damage to gardens near Walla Walla. Near Wallula numerous wash-outs are reported, and some damage was done to roads in the Dixie district.

William Bates, 56, shot and killed Maude Wall, 34; badly wounded his 19-year-old daughter, beat his wife over the head with a revolver, then shot and instantly killed himself at Leavenworth.

Thomas H. Phillips, Tacoma, was elected president of the Pacific Slope Allied Printing Trades conference and next year's meeting was awarded to Fresno, Cal., at the session of the conference in Spokane.

Aberdeen's park area was increased 3 1/2 acres when the members of the council accepted a deed of gift from Mrs. Jean P. Stewart of land lying immediately north and west of the north side pumping station.

Mrs. Josephine Corlies Preston, state superintendent of public instruction, has named May 1 as public school day. She has asked that county superintendents of schools take charge of the community programs for this day. An attempt will be made on public school day to bring class room teachers, school boards, patrons, and superintendents together.

Mrs. Elva A. Neilsen today will save her husband from sentence in the federal court at Tacoma. Neff was fined \$400 by Judge Cushman on the charge of having brought opium from Canada into the United States.

Plans to revive yachting along the Pacific coast will be discussed at a reorganization meeting of the Pacific Power Boat association at Seattle May 15. Yachting and power boat men from all Pacific coast ports have been asked to attend.

L. H. Darwin, state fish commissioner, has notified the Lewis county game commission that 250,000 silver trout fry, assigned to the county, will be ready for delivery between May 14 and 16. The trout were hatched at the state hatchery at Dryden.

An increase of approximately \$29,000 in teachers' salaries was granted by the Centralia school board at a special meeting and April 24 was set as the date for a special election to authorize an extra tax levy of 8 mills to provide funds to meet the increase.

The Spokane County Triple Alliance has gone out of existence. At a meeting attended by 18 accredited delegates it was decided by a vote of 17 to 1 to dissolve and turn over all papers and assets to the political committee of the Central Labor Council.

Joseph Williams, former internal revenue officer of Spokane, was found not guilty by a jury in federal court at Tacoma on a charge of using his office to extort money. Immediately following he was rearrested on a charge of perjury during his trial.

To further accentuate the interest of Lewis county farmers in the ship industry, E. M. Hubbard, an expert from the extension department of the state college, Pullman, in conjunction with County Agent E. T. Flagg, is holding a series of meetings at various Lewis county points this week.

The Skinner & Eddy Shipbuilding company of Seattle has announced the signing of a contract to build a 13,500-ton oil tanker for Knute Knutsen, head of powerful Norwegian shipping interests. The vessel, the contractors stated, will be the largest merchant steamship ever built there.

George F. Vanderveer, counsel for the I. W. W. in the northwest, will be tried in the superior court of Clarke county during the April jury term on a charge of holding unauthorized conversation with prisoners in the county jail. Vanderveer was fined in justice court but appealed to the superior court and demanded a jury trial.

Strikes and lockouts should be forbidden by law, compulsory arbitration and mediation should rule in industry and any court or commission set up to handle industrial disputes should be elected rather than appointed, according to 95 per cent of the persons replying to questionnaires sent out by the Associated Industries of Seattle.

Rev. George E. Kline of Spokane was reelected elder of Spokane district of the Free Methodist Columbia River conference, in session at Walla Walla. The Rev. H. E. Krieder of Walla Walla was reelected elder of Walla Walla district. Cloverland, Wash., and Summit, Idaho, were taken out of the Walla Walla district and added to Spokane district.

Hay prices at Prosser have gone sky high within the past two weeks. The sudden appearance of Alberta buyers in the district tributary to Prosser has crowded prices upward until practically the entire visible supply has been sold and offers as high as \$35 per ton has been made for No. 1 hay. Inasmuch as it will be about two months before the new crop is ready for market, it is predicted by many that the price of hay will reach \$40 by June 1.

Senator Wesley L. Jones, at the instance of M. L. Dean, chief of the division of horticulture of Washington state, called the attention of the Indian office to the existence of San Jose scale and other pests in the orchards on the Yakima Indian reservation irrigation project. Mr. Dean said the state authorities were not authorized to enter the project and it was necessary that something be done to protect orchardists outside, but near the project. The chief of the federal bureau of entomology promised to give attention.

What is pronounced by experts to be genuine oil sand has been penetrated by the oil drills on the north side of the hills 18 miles northeast of Prosser. This accords with the predictions of geologists of national repute who examined the field. Thus far oil has not materialized, although the signs are steadily improving. Gas in sufficient quantity to supply Spokane, Portland, Walla Walla, Yakima and the Puget Sound district has been flowing from at least two wells and plans are under discussion for piping this gas to the principal cities.

Potatoes, selling at \$200 a ton, have been put under the boycott of the Seattle Restaurant Caterer's association, and have disappeared from the menu of every member's establishment until the price has again reached normal levels. Hundreds of tons of potatoes, now held in storage by caterers and restaurant men, will be put on the market to farmers only for seedling purposes, according to announcements. The price, it was said, would be paid for them last fall, approximately \$100 a ton. More than 100 Seattle restaurants are represented in the association.

LIFE AT WHITE HOUSE ABOUT NORMAL AGAIN

The home and social life at the White House is about normal again—the first since the illness of the president, which started in October, 1919. This is the first picture taken of him since then—the occasion being a ride in an open car with Mrs. Wilson. The insert of Mrs. Wilson was taken a few days previous, when she made her first public appearance in attendance at the annual mobilization of the American Red Cross at Washington, where she occupied the place of honor on the platform.

Just Where and How Is the Money to be Spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically. They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its budget under six main heads:

- 1 FOR THE CHURCH'S WORK AT HOME.** A score of items come under this head. Consider only one. Five and a half million people in the United States cannot even read and write the English language. Who is to carry forward this vast work of Americanization if the church does not?
- 2 FOR HOSPITALS AND HOMES.** Every year thousands of men and women seriously ill are turned away from Church hospitals because of lack of room. The children's homes are compelled to turn away more children than they can receive.
- 3 FOR HIGHER EDUCATION.** Of the 450,000 American students in institutions of higher grade, one-half are in institutions founded and supported by the Churches. Many of these institutions have had no great endowment campaigns, but their needs are just as pressing as the needs of larger schools, and you have only to read their list of alumnus and alumnae to measure the value of their contribution to America.
- 4 FOR RELIGIOUS TRAINING.** At least 12,000,000 children and young people under 25 years of age are entering American life without any religious training at all. Remembering the faith of Washington and Lincoln, do you think that America will continue to produce Washington and Lincoln if faith dies out of the hearts of its youth?
- 5 FOR THE CHURCH'S WORK ABROAD.** Influenza came first from the Orient thirty years ago; nearly all plagues are Oriental plagues. So long as China has only one physician to every 400,000 people the Orient will continue to be a menace. So long as one-third of the babies of India die before their second year, our own babies are not safe. A Christian doctor or teacher sent abroad is working for America as truly as though he worked at home.
- 6 PREACHERS' SALARIES.** The preacher is called the "breadwinner," and well he may be. Eight out of ten preachers are paid less than \$20 a week!

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post assigned to it in advance.

Every dollar for better America and a better world. When your church calls on you give—and give with your heart as well as your pocket-book.

The INTERCHURCH World Movement of North America
The publication of this advertisement is made possible through the cooperation of thirty denominations.

The last meeting of the Camulos Club, which was held at the home of Mrs. Allison, was unusually interesting. At the conclusion of the business session Mrs. P. McCormick read an excellent paper, which it was voted to have published in the News-Record. A delicious lunch was served by the hostess, and all had a most enjoyable afternoon. The next meeting, two weeks hence, will be held at the home of Mrs. Dunlap. Mrs. Allison and Mrs. Cowan will read papers.

(Note—The paper by Mrs. McCormick will be published next week.)

FARM POULTRY

BROOD COOPS FOR CHICKENS

Directions Given for Construction of Cheap and Effective Pens for Little Chicks.

The accompanying drawing gives an idea of how quickly and cheaply any number of brood compartment coops can be constructed. It shows only two sections, but any desired number can be put together, saving material. We suggest that only three at the most be united, as they are easier handled when desiring to remove to new quarters, says a writer in an exchange.

The one section shows the door closed and button turned to hold lid up at night. The other section shows the door down for daytime to allow the hen and young free range in the orchard or pasture, wherever the coops may be located.

A very convenient size both for cutting material and the handling of completed coop has been found to be as follows: Twenty-four inches high in front, 18 inches high at rear, 15 inches deep from front to back. One-inch holes can be bored at each end and a line of them through the top of the door, as indicated by the closed door in drawing. Also, if the roof boards are slotted to project over back wall several inches it is not a bad idea to bore a few holes in the back wall. Some farmers have been very thoughtful and constructed similar coops during the cold, wet, sleety weather the last winter when nothing in the field could be done, and they are ahead much when the fields demand so much time and attention at this season.

Shingles or prepared roofing, whatever is convenient, will make an ideal covering for the roofs. We have seen where a farmer having a half dozen such constructed coops used galvanized iron from an old shed in town that he obtained for the hauling.

SONORA TROOPS TAKE CULIACAN

Migales, Sonora.—General Angel Flores, with 5000 Sonora troops captured Culiacan, capital of the adjoining state of Sinaloa, according to official announcement from Sonora military headquarters at Hermosillo.

The Sonora revolutionists proceeded immediately to march on Mazatlan, an important port on the Sinaloa coast. Hundreds of ex-Carranza soldiers have joined General Flores since he invaded Sinaloa, it was said.

The telegram said Carranza forces joining the revolution brought with them full equipment, including arms, ammunition and food supplies. The Sonora forces, when they entered Sinaloa, were said then to number less than 2500 men.

MILLIONS TO BE RETURNED

Washington.—Excess profits of more than \$1,000,000 obtained by wool dealers in transactions during the wartime period when the national supply was all under government regulations will be collected and returned to the growers by the bureau of markets of the department of agriculture. The decision announced by the department, followed a hearing on questions relating to the valuation and handling of the 1918 clip.

Pershing Says Call Should be Accepted

Washington.—White General Pershing is not making a presidential nomination, he told fellow Nebraskans here at a reception given in his honor by the local Nebraska society that "no patriotic American" could refuse to serve if called "upon by the people."

Meredith For President Boom Started

Des Moines, Ia.—Action to cause the name of Edwin T. Meredith, United States secretary of agriculture, to be presented to the democratic national convention as a candidate for president of the United States was taken here by democrats in state wide conference.

No. 14234 SUMMONS

W. E. Morse, Plaintiff,
vs.
B. S. Pauley and Rose M. Pauley, his wife; Clarence Dayton Hillman and Bessie Olive Hillman, his wife; The Hillman Investment Company, a corporation; T. T. Dalan, William P. Ankeny and Jada Doe Ankeny, whose Christian name is unknown, and all other persons known or unknown, claiming any right, title or interest in and to the property described in this complaint.

The State of Washington to the said B. S. Pauley and Rose M. Pauley, his wife; Clarence Dayton Hillman and Bessie Olive Hillman, his wife; The Hillman Investment Company, a corporation; T. T. Dalan, William P. Ankeny, and Jada Doe Ankeny, whose Christian name is unknown, and all other persons known or unknown, claiming any right, title or interest in and to the property described in this complaint.

You are hereby summoned to appear within sixty days after the date of the first publication of this summons, to-wit, within sixty days after the 15th day of April, 1920, and defend the above entitled action in the above entitled Court, and answer the Complaint of the plaintiff and serve a copy of your answer upon the undersigned attorney for the plaintiff at his office below stated; and in case of your failure so to do, judgment will be rendered against you according to the demand of the Complaint, which has been filed with the Clerk of said Court.

The object and purpose of this action is to quiet the title in the plaintiff and against the defendants to the following described real property situated in King County, Washington, to-wit:

Lot 7, Block 17, 18th St., Nine (9), Ten (10), Eleven (11), Twelve (12), Thirteen (13), and Fourteen (14), in Block Sixteen (16) of C. D. Hillman's Aukland Addition, Addition No. 2 to the City of Seattle.

and wholly excluding the defendants from having or claiming to have any right, title or interest in and to said property.

THOMAS J. WAYNE,
Attorney for Plaintiff.

CENTER

VASHON HEIGHTS

Miss Irene Corbin visited in Seattle during Saturday and Sunday.

Mrs. Lawrence had as her guest last Sunday Miss Jeanette Berkley of Tacoma.

Mr. and Mrs. Glenn Farley and son John spent Sunday at their summer home.

Mr. and Mrs. Gordon of Minnesota were guests of Mr. and Mrs. W. O. Cook last week.

John Beyers, who has been living at the Heights during the winter, is visiting friends in Portland, Oregon.

Mr. and Mrs. Thad Neese had as their guests over the week end Mr. and Mrs. R. L. Woodland and children.

Mr. and Mrs. Stewart went to Seattle on Sunday to hear Sir Oliver Lodge, the noted lecturer on spiritualism.

Mr. and Mrs. Petley and daughter Dorothy were Heights visitors on Sunday.

Mr. and Mrs. John Slattery came over last week to look at their home, which they expect to occupy this summer.

John Swanson, who has been located at the Heights during the last six months, has gone to Alaska. He expects to be absent during the summer.

Vernon Ramsey has finished the cultivation of the six acre patch of strawberries on the Cowley ranch. He expects a big return for his work this summer.

Mrs. Lunforth Black of Port Angeles has been visiting with her parents, Mr. and Mrs. G. K. Coryell, during the last ten days. She expects to return home next week.

Mrs. A. B. Lund attended a luncheon at Frederick & Nelson's, Seattle, given by a committee to raise funds to help build the stadium at the University of Washington.

The Rose Club met last Wednesday afternoon at the home of Mrs. Leckley. The weather seems to oppose the meetings of this worthy organization. The attendance was not large but those who did attend passed a very enjoyable afternoon.

An appetizing luncheon was served by the hostess.

G. K. Coryell met with a painful accident on Tuesday. He cut his hand so severely that it was necessary to make a trip to Seattle to have the wound cared for.

Mr. and Mrs. G. S. Bonnell are entertaining their son, Kirk L. Bonnell and family of St. Louis during the next ten days. Mr. Bonnell and family have been visiting in Los Angeles for the past two months, and are now returning to their home.

Mr. and Mrs. Morgan Doebler of Seattle were guests of Mrs. Doebler's parents, Mr. and Mrs. Charles Pinkham, during the past week.

John and Chester Olson have purchased two lots near Sloan Randolph's property, and they are planning to improve and build immediately.

John L. Hanson, who returned from Cordova, Alaska, early in the winter, and has been making his home with Mr. and Mrs. K. E. Felt for some time, was taken to a Seattle hospital on Sunday last suffering from an attack of pneumonia. At last report his condition had not improved.

Mr. Erickson, who lives at the turn of the Seales' road, met with a serious accident in Seattle last week. He was run down by an auto, with the result that his ankle was broken and he was severely bruised. He was taken to the City hospital. For a man of his age, 29 years, the mishap is a serious one.

SO. HEIGHTS

Miss Agnes Dunn spent Saturday with her mother.

Mr. Pugh took dinner with Mr. and Mrs. Jenkins on Sunday.

Mr. Arthur Smith and family spent Sunday with the Sheffields.

Word from Mr. Lee Bruckart, who was reported ill in Oakland, Calif., is to the effect that he is improving, but very slowly.

Mrs. Lloyd Bruckart spent the week end at the home of Mrs. Lara. Mr. Bruckart is staying at his mother's place this spring.

Will someone please place an in-

SCHOOL GARDEN ARMY STARTS 1920 DRIVE

The school garden as a means to increase food production, as advocated by the Department of the Interior, is best proved by its 1919 record. Forty-eight million dollars worth of produce was grown, two and one-half million children enlisted in the work. Every child enlists to cultivate one or more food crops, under supervision of garden teacher. The 1920 production promises to be much larger. The pictures show a garden at Louisville, Ky. The insert is of Johnny Williams of Seattle, Wash., with one of his 1919 prize-winning pumpkins.

dietment before the grand jury against certain feathered marauders who have been thinning the peas in our garden rows. The precise party was not named in the complaint, but we think it is likely that Johnnie Blue-Jay may know something about it. Look out, Johnnie, or we may get our gun.

Mr. and Mrs. Sheffield will increase their dahlia farm considerably this season, having cleared an acre last winter for this purpose.

All of our young folks have put in suggestions in the matter of naming the new ferry landing. We do not know just when the decision will be made, and the prize awarded, but no doubt it will be soon now.

Mrs. Jenkins reports word from her son, Harvey Meade, that he is doing well at Fresno, Calif. Plenty of work and good wages. Well, Fresno is not the only place where that holds good.

Mr. Krogh is to try out the ever-bearing variety of strawberries in this neighborhood. He is setting out about an acre, and will also have a considerable piece in the old reliable Marshall berry.

Mr. Arthur Bachelor has moved into his cottage, built some time ago on the south ferry road.

ELLISPORT

The Jackson family were over for the week end.

Mrs. W. C. Cliff who has been quite ill is reported improving.

The Get-together Club met with Mrs. Christy on Thursday afternoon.

Mrs. K. L. Richards and children spent the past week in Tacoma.

Mr. C. L. Christy and Mrs. Eva Furbush were recent visitors in Seattle.

Mr. and Mrs. Mackie of Vashon were Sunday visitors at the Bishop-Davis cottage.

Mr. and Mrs. Frank L. Fuller are receiving congratulations over the birth of a son, born April 22nd.

Mr. and Mrs. Walter Cliff are moving into the home they recently purchased from C. H. Deppe.

Mr. C. H. Taylor received word on Tuesday that his father, who

lived in West Liberty, Iowa, died suddenly. He was about 96 years old.

Mrs. H. S. Collins, also Mr. H. Clausen have been on the sick list. They are better at this writing.

Mrs. Parks returned to Seattle on Tuesday after a ten days' visit with her mother, Mrs. Ada Gowan.

Miss Ida McClintock spent several days here getting their camp ready for summer. Their cottages are all rented for the season.

National winners in the War Department's recent essay contest on the subject, "What Are the Benefits of An Enlistment in the United States Army," have been announced by the army recruiting office in Seattle. All the awards went to the Middle West and South. Those honorably mentioned will receive autographed certificates from the board of judges, and every one of the fifty-six district prize winners will get a letter from the Secretary of War, Maribeth Gerbel, 14-year-old student at Forest Ridge convent, Seattle, who won first honors in the district of Western Washington, will get a silver cup, donated by the recruiting office, and \$25.00 in cash, the contribution of the Knights of Columbus of Seattle.

Apple scab is best controlled by sanitation and spraying.

Campus Day at the University of Washington will be held this Friday, April 23. At this time students and faculty of the institution will gather in the morning and clean up all waste and debris that has gathered, clear the underbrush from the wooded section and plant shrubs and trees. "Campus Day" is a long established custom at the University, originating in 1904.

FEED THE BEES

During the month of February the weather was mild and the bees worked faithfully on the blooming willows, with the result that brood rearing progressed at a lively rate. Then March came in like a lion, went out and into April like a lion, and the bees, unless they had forty or fifty pounds in the fall in reserve, used up the stores. We examined three colonies the other day and found two without stores sufficient to last a week, and unless we had fed them some combs we had in reserve, they would have starved inside of a week. Lift them and see if they are light. Take out the combs if you have them on movable frames, and see that they have enough to carry them over the cold spell. If you don't, some of them may starve, even while fruit trees are in bloom.

Stephen J. Harmeling.

KODAKS

Women Desiring to Establish Overall Clubs Will Find

Very complete stocks of the famous Sweet-Orr make, priced considerably under today's value.

Daily news reports show "overall clubs" springing up among business and professional men everywhere to overcome the rising costs of raiment. Hence we suggest that women who are today always abreast of mere man in every line of public endeavor, to likewise organize against the oppression of the apparel profiteer, whoever he is, and by donning the bifurcated garment of blue denim, plant a goodly wallop in his midriff.

For Housecleaning and Lawn Work

The overall offers an emancipation from cumbersome dress skirts that all women will appreciate.

Women's Bib Overalls of striped and checked and plain blue and brown, heavy chest with ankle cuffs, at \$2.50.

Blouse and Overall combinations with long sleeves and ankle cuffs, at \$3.95.

Carter's Bloomerettes of heavy blue chambray with bib and ankle cuffs, at \$1.98.

Khaki Garden Suits in long coat effects, \$7.50.

Second Floor.

NEW RAILROAD LABOR BOARD BEGINS WORK

Organizations Must Comply With Law's Terms to Secure Hearing.

Washington.—The railroad labor board got down to business with the election of R. M. Burton of Tennessee, a member of the public group, as permanent chairman, and the appointment of C. P. Carruthers of Texas as permanent secretary. Mr. Carruthers was formerly secretary of adjustment board No. 1 of the railroad administration.

Terms of the railroad law under which the railroad labor board is created must be complied with by organizations of railway employees before grievances can be brought before the board. It was announced by the board in a formal statement.

The ruling of the board was made when S. J. McDermott of the St. Louis farmmen's union and Edward Mellich of New York appeared as representatives of all of the "outlaw" strikers to ask immediate wage increases.

The law provides that every resource of negotiations between the railroads and their employees must be exhausted before grievances and differences can be filed before the board.

The statement of the board, which was read to representatives of the "outlaw" strikers, was interpreted by W. N. Doak, representing the Brotherhood of Railway Trainmen, as a refusal to recognize or to parley with the strikers who have recently tied up freight terminals in the large cities of the country.

GOVERNMENT SPENDS \$18,000,000 PER DAY

Washington.—It cost \$5,075,178,000 to run the government for the first nine months of the fiscal year, and taking this as an average, treasury officials state that the total government expenditures for the 12-month period ending June 30, next, would reach approximately \$5,750,000,000, or nearly \$18,000,000 a day.

Further appropriations by congress and the soldier bonus, which is estimated will cost the government \$1,000,000,000, are not included. Last December Secretary Glass figured that running expenses would amount to \$6,987,237,000, but he did not take into account the loss in government operation of railroads.

The principal items which go to make up the nine months' expenses are: War department \$1,301,905,000; railroad administration, \$776,690,000; navy department, \$621,364,000; shipping board, \$423,190,000, and interest on the public debt, \$644,921,000. Congress has spent for its own maintenance \$15,292,000, and the executive offices cost \$6,177,000.

SHOE RETAILERS BLAMED

Tanners and Manufacturers Also Profiteering, Says Economist.

Washington.—T. M. Robertson, an economist, employed by the federal trade commission, told the senate manufacture committee that retail dealers were principally responsible for high prices of shoes. Tanners and manufacturers, he said, have taken more profits than they should, but the retailers have imposed heavier burdens upon the public than the others.

Mr. Robertson said the most effective remedy would be for the public to refuse to patronize merchants who charge excessive prices.

Ohio Women May Not Vote

Columbus, Ohio.—Women will not be permitted to vote at the presidential primary election in Ohio April 27. Anti-suffragists called a referendum on the law, which would have permitted the women to vote at the presidential preference this year. The referendum will be held at the November election.

21 German Brides Land

New York.—Twenty-one German war brides of American soldiers and 1149 Polish troops, the first contingent of American citizens of Polish descent, who enlisted and fought in the Polish army during the world war, arrived here on the army transport *Antwerp* from Danzig and Antwerp.

Communists Sentenced to Penitentiary

Portland, Or.—Jarl W. Oster, Fred W. Fry and Claude Horst, convicted of being members of the Communist Labor party, which was held to have for its intent the overthrow of the government of the United States, were given penitentiary sentences.

Republican Party Chiefs to Meet

Chicago.—The republican national committee will meet in Chicago on May 23 to consider contests between delegates to the national convention.

Gray Silver, Washington representative of the American Farm Bureau Federation, an organization which claims more than a million members.

DR. MARKOE KILLED IN NEW YORK CHURCH

New York.—Dr. James Markoe, a well-known surgeon, was shot and killed Sunday while taking up the offering at the morning service in the fashionable St. George's Protestant Episcopal church.

The murder occurred soon after the pastor of the church, Dr. Karl Rehland, had concluded his morning sermon, in which he had advised his congregation to be friendly to every stranger visiting the church. Dr. Markoe was taking up the collection when his assailant produced a revolver and fired a shot which took effect in the head, death resulting soon afterward in a hospital.

Before Kelley was captured outside of the church he fired another shot which grazed the cheek of J. Morgan Jones, an usher, and wounded Dr. George E. Brewer in the leg.

He told the police he had escaped from a lunatic asylum last week and told gambling stories of his career as a itinerant printer since coming to his country from England. It also developed that he was a deserter from the Canadian army, the police said. He told the police he had never seen or heard of Dr. Markoe.

BRIEF GENERAL NEWS

Rumania has placed an order for fifty locomotives with the Baldwin locomotive company of Philadelphia.

Latest figures from the presidential primary in Illinois show that Governor F. O. Lowden's plurality over Major-General Leonard Wood was 77,182.

Roger G. Sullivan, 53 years of age, democratic leader of Cook county, and prominent in state and national politics for 20 years, died at his home in Chicago of bronchial pneumonia. He had been seriously ill a month.

The nation-wide railroad strike apparently has collapsed. Except in a few isolated sections railroad officials report the bulk of the men who follow.

Have Your Combings Made Up

Send us your combings and have them made up as you wish. 22-26 57, Wash. St., Tacoma, Wash. Telephone 1000. Ladies' Improvement Shop, 20 Union St., Seattle, Wash. Published Over 10 Years.

ed the leadership of John Graney of Chicago, had returned to work. The strikers, who acted in defiance of their railroad brotherhood chiefs, have generally returned without any definite promises of more pay.

The "overall club" movement, inspired as a protest against the high prices of clothing, is spreading rapidly over the country. City officials, bankers, doctors, students, judges, dramatists, preachers, merchants and business men, generally are rising en masse. In a sense official sanction has been given the movement, for the petition of the employees in the Norfolk navy yard to wear denim has been allowed.

John Reed in Finn Jail

Washington.—John Reed, an American magazine writer, who was reported recently to have been executed in Finland, is in jail at Abo, Finland, on a charge of smuggling.

Poland Upholds France

Paris.—The Polish government has informed the French minister at Warsaw that it entirely approves the action of France in occupying Frankfurt and Darmstadt.

Hunger Strikers Freed in Ireland

Dublin.—Sixty-four hunger striking prisoners have been released, apparently unconditionally, and as a result the strike is considered off.

Fixed Price on Cuba Sugar Refused

Washington.—Because of the uncertain conditions in the Cuban sugar industry, it would not be possible to fix a price for the crop, President Moncal said in a cablegram to Senator McNary, republican of Oregon.

Tax on Campaign Funds Advocated

Washington.—A tax of 100 per cent would be levied on all campaign contributions and expenditures in excess of \$1000 under a proposal introduced in the senate by Senator Thomas of Colorado, a Democrat.

Thieves Take Bibles Valued at \$37,500

Chicago.—Chicago police are searching for the "biggest thieves" who stole 123,000 Bibles valued at \$37,500 from the Prison Bible society. The Bibles were carried away in a moving van.

We are better equipped than ever to do your hauling, having installed a new International truck.

Ford
THE UNIVERSAL CAR

The Ford car can well be called the "peoples car," because there are more than 3,000,000 of them in daily operation. That is about four to one of the nearest follower in the motor car industry. This would not be so if the Ford car had not for sixteen years proven its superiority in service, in durability, and in the low cost for operation and maintenance; this would not be so if the Ford car was not so easy to understand, so simple in construction that anybody and everybody can safely drive it. Let us have your order for one now to avoid delay in delivery.

CHURCH ANNOUNCEMENTS

Presbyterian
The Sunday school last Sunday was a "bummer" attendance. A good congregation attended the morning service, at which time two united with the church in profession of faith. The Eudeyar meeting in the evening was also splendidly attended, and the leader, Miss Nina Garvin, showed much preparation for the service.

There will be all the regular services next Sunday. The theme of the morning sermon will be "God Coming Out of Nazareth." The chief purpose of selecting this theme is to help the young people. It is hoped that a goodly number of this class will be present at the service.

The young people's study-entertainment class will hold the regular meeting at the beach on next Monday evening, April 26th, if weather permits. Should the weather be inclement, the meeting will be held in the lecture room of the church. There's an unusual anticipation of the event. All the young people are invited. Let all meet at the bank at 7:00 o'clock.

R. G. Williams, Minister.

Center Services
There was a fairly good attendance at both services last Sunday. Mr. Dunlap proves the wisdom of the choice of electing him superintendent of the school. We make an appeal to the parents of the community to see that the children regularly attend, that the interest may keep up and possible good be the result.

Sunday school begins at 3:00 o'clock, followed with preaching. R. G. Williams in charge.

Methodist
Sunday school at 10:00 a. m. Morning Worship at 11:00 a. m. Epworth League at 7:00 p. m. Evening service at 8:00 p. m.

Epworth League
A special program of music and readings will be given on Sunday evening. A solo, duet, male quartet. Doesn't that sound interesting? Come and see if it will be good. Do not forget the hour, 7:00 p. m.

We are very glad to welcome as members the Gerry family of Southern Heights. The boys have purchased an auto and after the first of next month we hope to see them every Sunday. We wish more could and would follow their example.

Last Sunday was banner day in the Sunday school—86 present. We are hoping those who were absent will be able to come out this Sunday. We had a lovely baby rocked in the cradle of the Log church, and his name carolled on the cradle roll—Arthur J. King Jr.

Notice—All ladies of the Lutheran Aid, Willing Workers, and Methodist Aid are requested to meet at the Log church on next Tuesday afternoon at 2:00 o'clock to discuss a program, etc., for Memorial Day.

E. H. Gebert, Minister.

Episcopal
Mr. Wollston of Seattle will conduct services in Christ Church, Portage, next Sunday morning at 11:15. Mr. Cape of Trinity choir, Seattle will sing a solo.

FOR SALE
Four cows, one milking. Three of these to freshen soon. One 2-year-old Holstein heifer to freshen late in summer. In this bunch are three extra quality Holsteins. Three shorthorns 2 months old. 0-27 Z. E. Cavell, Vashon R. 1. Red 12

T. Hansen has disposed of three view lots at Vashon Heights.

For shingles see W. V. Covey, Vashon. The quality and price is right. Phone 223.

SCHOOL NOTES

HIGH SCHOOL PLAY

"Lost—A Chaperon" will be presented in the Vashon high assembly hall on April 30 and May 1, at 8 o'clock. Admission 75 cents and 25 cents. Children are especially urged to come on Friday night. Ice cream cones will be on sale Friday night, and sandwiches on Saturday night.

SYNOPSIS

Act I—Great consternation in the girls' camp. The chaperon "slipped up somewhere." The girls have many interruptions and surprises. Ravings of a spring poet.

Act II—A slight accident at the boys' camp. The cook has trouble with the dinner. Unexpected visitors arrive. Deep-laid plans of mice and men.

Act III—Real consternation in the girls' camp. Counter plots. The chaperon arrives.

THE FLAG ON THE SCHOOL-HOUSE

Hurrah for our flag, the flag of the brave!
Gallant heroes have died that banner to save!
From flag-staff and school-house it floats far and wide,
The emblem of freedom, of honor and pride.
That banner that floats on the school-house.
Hurrah for our flag, the flag of the free!
Let it float from the crag, let it wave o'er the sea!
Let the light breeze unfold it, or fierce tempest rave—
For the flag on the school-house forever shall wave!

Milton Smith, Vashon, Wash.

AVOID HIGH-FLAVORED FEEDS

Onions Have Been Fed in Sufficient Quantities to Affect Eggs—Color of Yolk Influenced.

In extreme cases the flavor and odor of the feed have been imparted to the egg. Onions have been fed in sufficient quantity to bring about this effect. Those who desire to market a first-class article should not give feeds of high and objectionable flavor to their flocks.

In no case should tainted feed be allowed to enter the ration. Feed also has an influence on the color of the yolk, according to the United States Department of Agriculture. Corn fed exclusively will give a deep yellow or highly colored yolk, while wheat fed alone will produce a much lighter yolk. A fairly high-colored yolk is usually preferred and can usually be obtained by feeding a moderate amount of corn. Plenty of green feed also enriches the color of the yolk.

Mrs. Paull returned Monday evening from Bismarck, Montana, where she has been for the past two weeks.

VASHON

Phil Pierson was a visitor at his island home over Sunday.

C. S. Morehouse made a business trip to Seattle on Monday.

Mr. Robert Gerry left on Wednesday for an extended trip through Eastern Washington.

Mr. L. C. Newby returned last week from an extended visit with relatives and friends in Ohio.

Guests at Pomona Heights over Sunday were Miss Mary Jacobs of Seattle and Miss Myra Jacobs of Richmond Highlands.

W. D. Garvin recently purchased the 5-acre tract known as the Garsuch property, on the main high way, corner of the Steen road.

Chester Olson of Seattle visited the home folks over Sunday.

Mrs. J. S. Markham is reported to be very low. Mrs. J. R. Hendricks of Cottage Grove, Ore., and another daughter Mrs. Warren of Colby, have been here for some time, relieving the other members of the family of the care and attention necessary.

Elmer Ringdahl has purchased a lot at Vashon Heights from T. Hansen.

Mrs. John King was a visitor in Seattle the first of the week.

D. C. Hannum expects to occupy the building known as the News-Record, transferring his real estate business from Seattle to Vashon in order to be right "at home" with his family. Mr. Hannum has already closed some real estate deals on the island.

Mrs. L. Stevenson made a trip to Seattle on Monday.

Mr. and Mrs. Fred Bridgman and daughter made a trip to Seattle the first of the week.

Howard Hansen and sister, Miss Helen, were among the recent visitors in Seattle.

What a Gathering of Beautiful New Hats

Never before have such values been offered. Hundreds and hundreds of stunning models—a special purchase of fine millinery from the manufacturers. And such a lucky purchase—Lovely shapes of the finest straw—Hats made to sell up to \$20.00; all the most desirable high-grade straws, all the season's best colors, and the shapes—there are so many so varied, so fascinating, that there isn't space to describe them but they range from smartest little close-fitting turbans, jauntiest tam effects, to the most charming rolling brim picture hats—you must see them to appreciate them. And, most astounding of all, are the prices—\$1.98, \$2.98, \$3.98, \$4.98 and \$7.50.

Banded Street Hats

Smart models, every desired shape and color; values at \$20.00, are now priced at \$2.98, \$3.98, \$4.98 and \$7.50

Trimmed Hats

In all the loveliest models of spring and summer; hand-made creations, fashioned of georgette, fancy straws, celophane and cre ribbon, and masses of beautiful flowers, feathers and fancy trimmings. Hats made to sell at \$25.00 are now priced at \$4.98, \$7.50, \$10.00 and \$15.00

"THE STORE THAT SAVES YOU MONEY"

McCormack Bros

TACOMA
Broadway and 13th Street

THE PEOPLE'S FORUM DOMESTIC SERVICE

Why is it that household help is so difficult to obtain and so ignorant and unreasonable when it is secured? Because the supply is limited and must be recruited from illiterate, untrained sources. And why is this true? Because the occupation is shunned by self-respecting women. Why? Because those engaged in it have not been treated decently as human beings. Two instances among many within my personal knowledge will illustrate:

A husband and wife lived in a beautiful third floor flat. Both were well educated. There was a good income. They were socially delightful people, and their parlor gatherings were memorable. In addition to her other accomplishments she was a fine pianist. Their maid fell sick, had no place to go, and had no money. The wife permitted her to keep her room, but refused to wait on her or provide any attention, and compelled her to go to the basement for her toilet accommodations. Other girls employed in the building helped her up and down the stairs. In that extremity the poor girl was denied the decent human privilege of using the bathroom.

A family lived in a perfectly splendid house. There was wealth, education, music and social accomplishments of a high order. There was a bathroom for the help, but towels were denied the "servant," who had to utilize cloths from cast off garments ordinarily used only for scrubbing purposes. Think of it!

It may be said that they are extreme cases. Possibly. But it takes

an extreme case to make most people indignant over wrongs to others. Almost every housewife is unjust to her help in some way. This species of injustice runs back into two things. Women are inclined to be petty tyrants with each other in positions of power. And they instinctively insist on the social inferiority of the "maids" to prevent them from competing for the favor of their husbands. If all women would treat their help with the same respect their husbands treat assistants in their offices, they would get better service in short order. But they won't. It is a woman's problem, but it will never be solved with female help. And I opine that the men of the land will be just as keen to insist on social inferiority of male help, should that be resorted to, as the women now are of female help, and for a similar reason and with equal justification. At rock bottom it is a question of jealousy.

As a result of these conditions, if a young man wants a real home he would better marry a girl who knows how to keep house and cook well and is willing to do it. Then they can work their own way ahead and be independent. It is just as hazardous for a man to marry a woman who doesn't know how to keep house and cook well and who does not enjoy doing it, as for a woman to marry a man who does not know how to make a living, and who does not enjoy real work for its own sake.

Robert A. Eaton.

LISABEULA

Mr. F. Bullard had the misfortune to have the ends of two fingers

taken off while employed at the McCleary mill.

Miss Mary Brink is at home for a short visit.

Walter Larson's arm is getting along fine. He is driving the school bus again.

Miss Pauline Hirsch and her aunt were out visiting the folks on Saturday and Sunday.

Mr. and Mrs. M. Shane were over Sunday visitors at the home of her parents, Mr. and Mrs. Steinforth.

The young folks of Lisabeula had a picnic at Clam Cove on Sunday. A long walk, but all declared they had a fine time.

Mr. C. H. Howard, Mr. J. Stewart, Mr. Page, Mr. Bengston, Mr. Manker, Mr. Kneebone and Mr. King made a trip to the county seat to interview the commissioners in regard to better roads and work on the dock.

Mrs. Smith came out last week with a large supply of strawberry plants, and they are now busy setting them out at "Cherry Lane Ranch." Everybody seems to be going into strawberries and poultry this year. And potatoes will be profitable, judging by the present outlook.

The entertainment presented at the school house last Saturday evening by the Young People's Club was a great success. All did their part in a creditable manner. Following is the program:

"The Goodfellow," a Comedy in Three Acts

Cast of Characters

John Dawson—Glen Studman
Stubbie Stubbins—William Hirsch
Richard Meadows—Walter Larson
Woodstock—Hallvard Hammer
Captain Richards—Chas. Hirsch
Detective Bacon—W. A. Hirsch
Henry Madison—Fred Hirsch
Stanley (old man)—H. I. Hammer
Jane Madison—Margaret Hoyer
Dora Woodruff—Signe Hammer
Martha Peck—Fannie Brink
Mrs. Madison—Minnie Hirsch

Mrs. Weber kindly presided at the piano.

FOOD FOR THE CHILD.

So make it your intention with proper comprehension to see the world from every point of view.
Smile on if you're defeated.
Or smile if you think you're cheated.
Smile on and soon the world will smile on you!

—Caroline Sumner.

Children are far more restricted in their diet than are grownups, and they are more dependent upon special foods.

We all need a diet so balanced that it will produce the highest efficiency, but the food for a growing child goes more than that. The growing child is building new flesh and bone. For this reason the child should have a larger proportion of body-building foods than adults. Milk is the most important; eggs, butter and well-cooked cereals, with top milk, are very important in the diet of the child.

We are told repeatedly by those who have made a study of the diet of the child that no mother should buy a pound of meat until she has purchased a quart of milk for each child in her family.

Milk is the ideal food for the child. It contains the elements needed to promote growth with the exception of iron. This element is given the child in such vegetables as spinach, beet greens and carrots.

As the child grows and becomes very active other foods are added, such as starchy foods, which supply energy. When milk is unappetizing to the child give it to him in cream soups, custards and cereals. The older members of the family may be underrated on milk, but never let the children want for it.

Dishes made chiefly of milk, meat, fish, poultry and egg, with meat substitutes, form the most important group in the well-balanced ration. Then come cereals and bread; then fats, of which the most important is butter. Do not give children fried foods which are hard to digest. Fruits and vegetables are next; then simple sweets such as dried fruits or pure candies. Candy should always be given at the end of the meal, never before.

Wheat taken from the granary, well washed, soaked over night, then cooked in the same water until well cracked and covered with gluten, is one of the most desirable of foods for growing children. Serve it with top milk.

HOUSEHOLD HINTS.

Life or rather life is a continually expanding form. It is after all a business, and they, who are the most in earnest get from it the most and in turn give the most back to the world again.

Experiments show that cooked rhubarb added to such fruits as strawberries and raspberries makes a preserve of the quality. Rhubarb being common and cheap, while the berries are not always so, it is a suggestion worth noting. This mixture may take place after the fruits are cooked, but of course the results will be better if both are cooked together when fresh. Use one part of the berries to two parts of rhubarb. The rhubarb is hot at all noticeable, as the flavor of the other fruit is so much higher.

Save all juices from canned fruit. If but a tablespoonful in the jar; mixed with two or three of some other flavor, one will have enough to flavor a judding sauce, lemonade or baked apples.

Put the last few spoonfuls of horse-radish left in the glass into the pickle jar to keep the vinegar in good flavor. Sprinkle dried bread crumbs over string beans cooked for the table, then

YOU ARE INVITED

TO JOIN the "FORWARD MOVEMENT" for better gardens—better farms.

Speaking of the family table, if you can live better and at considerably reduced cost why not do it? Why do you not balance your table costs by using MORE VEGETABLES? The only practical way to accomplish this is to—
